# Pavement Signs & A-Boards

- Swinger
- Ecoflex
- Chalk A-Boards
- Booster
- A-Master
- Premier A-Board

A low cost investment which drives footfall and delivers measurable sales uplift. It is not surprising then that brands, retailers, hospitality and service sectors use Pavement Signs and A-Boards widely and consistently to influence consumer decisions at the point of sale.

Free-standing and portable by design, pavement signs are tactical and multi-functional, acting as a 'sign-post' to your business whilst clearly communicating you are open for business. They can be particularly effective at influencing the impulse shopper.

Take a look at our new range of real wood Chalk A Boards on page 28 and the unique wood-effect steel Premier A-Board on page 24.

# Swinger

Patent No. 2437991 & 2464773

UK Design Registration No. 2071096

EU Design Registration No. 001274229

## Why is Swinger the UK's market leading pavement sign?

- Beautifully designed and engineered.
- Low centre of gravity for maximum stability.
- Quick and easy no tools assembly.
- Individually boxed and flat packed with instructions.
- Soft round styling for high pedestrian safety.
- Fully recyclable.

Optional clip-on Tactical Header (see page 10).

Patented D-Flex panel hangers allow for easy no tools panel fitting. Flexibility and low friction ensures panel performance.

Stylish steel frame available in black or white from stock, can also be powder coated in any RAL colour (minimum order 25).

Choice of aluminium panel or top-opening magnetic poster pocket (shown).

Solid recycled PVC (shown) or water fillable HDPE polyethylene base options.

### No Tools Assembly

- Simply push base onto frame.

OR

- For Swinger 2 simply lift frame through 90 degrees, straight from the box.

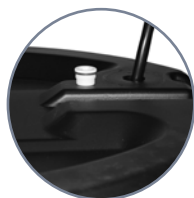

### Built-In Wheels

- For ease of movement on heavier Swinger 3000 and 4000 models.

### D-Flex Panel Hangers

- Friction-free panel movement.
- Unique design absorbs impact and protects the panel.

### Hard-Wearing 'Black' Bases

- Solid recycled PVC on Eco Swinger and Swinger 2.
- Water-fillable polyethylene on Swinger 3000 and 4000 (shown).

### Tactical Header

- Clip-on header available on all models.

### Powder Coated Steel Frames

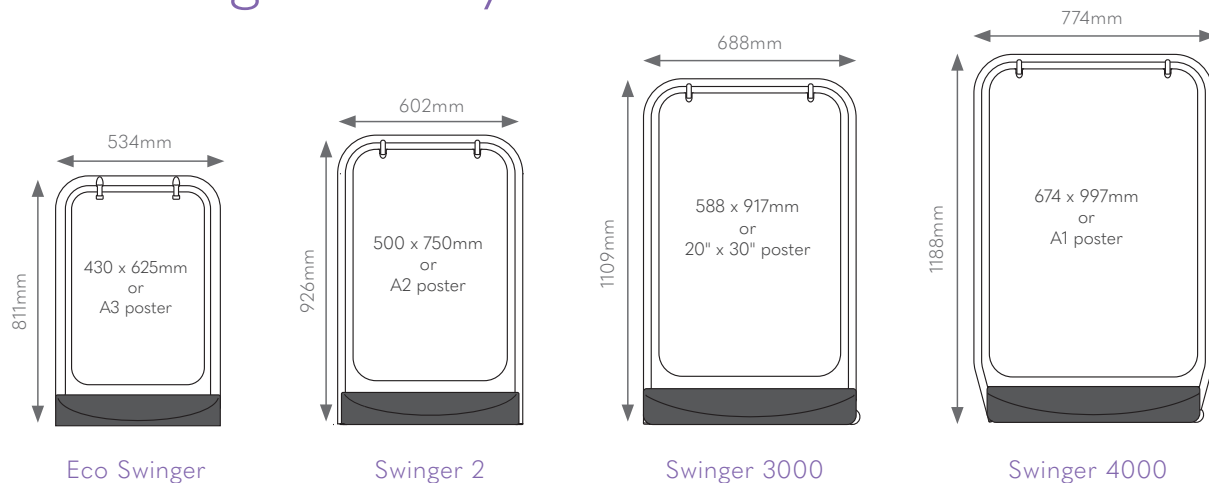

- White and black stock options on all models.
- Other colours available to order (minimum order quantity 25).

### Top Opening Poster Pockets

- Easy access poster change.
- Self closing magnetic seals provide excellent weather protection.
- Virtually no risk of poster loss.

## The Swinger Family

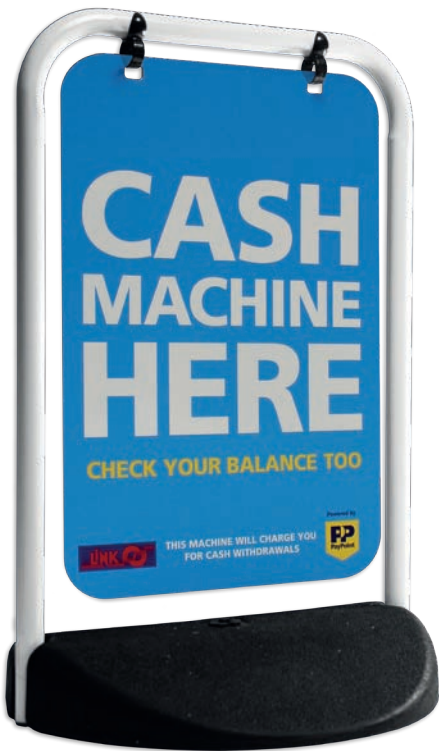

# Eco Swinger

The smallest Swinger in the range.

Effortless no tools assembly.

- Gloss white aluminium panel (430 x 625mm) – ideal for direct to surface print or vinyl graphics.
- Alternative top opening polycarbonate double sided A3 poster pocket with magnetic seals.
- Poster pocket designed with header area for permanent branding - ideal for either direct to surface print or vinyl graphics.
- Stylish 32mm round steel tube frame – available in black or white from stock.
- Frames available in any RAL colour (minimum order quantity 25).
- Patented D-Flex panel hangers make panel fitting quick and easy.
- Solid black recycled PVC base provides excellent stability.
- Clip-on Tactical Headers also available, giving extra promotional space at minimal cost (see page 10).

   Fully Recyclable

Easy access top-opening poster pocket.

Swinger 2	542 x 197	THSWING2
Swinger 3000	629 x 231	TH3000
Swinger 4000	716 x 230	TH4000

Poster pocket headers

Custom shaped headers

# Be Creative with the Swinger Tactical 'Header'

On the oval framed Swinger 3000 and 4000 the Tactical Header isn't limited to use on the horizontal top rail of the frame.

Using off-the-shelf standard Headers.

Using custom shaped made to order Headers.  
Minimum order quantities apply.

# Ecoflex

Patent No. 2499509

EU Design Registration No. 002175570

Economical and eco-friendly – ideal for pavement, roadside and forecourt promotions.

Instruction Video

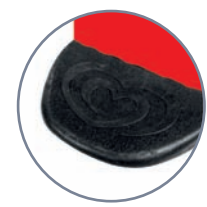

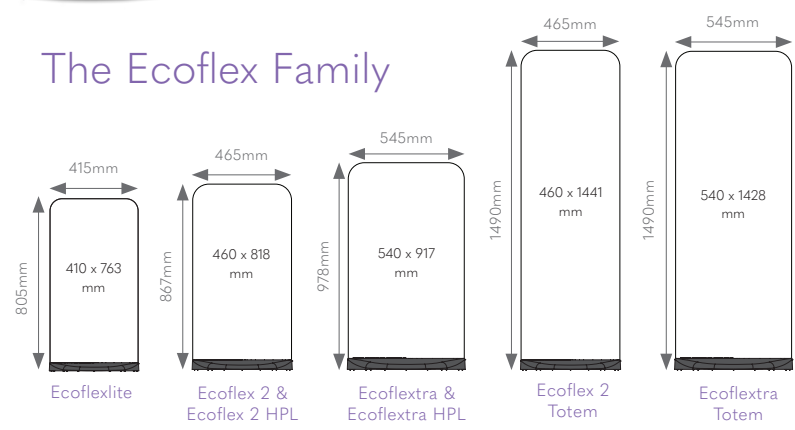

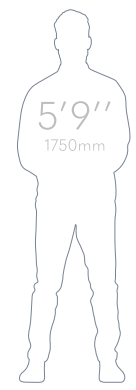

Unique patented design.  
Incredibly secure – wedge simply slots through panel and locks into place.

- ← Fully recyclable.
- ← Lightweight, portable design.
- ← Gloss white 1.2mm aircraft grade aluminium panel - ideal for screen/digital print or vinyl graphics.
- ← Rounded corners for pedestrian safety.
- ← Maximum visual impact with optimised display area, plus panel shape opportunities.
- ← Option of black High Pressure Laminate chalkboard panels.
- ← Rugged recycled PVC base provides low centre of gravity and high stability.

## The Ecoflex Family

Bases available with embossed logos (minimum order quantity 500).

Ecoflex pavement signs tested to Storm Force 10 Beaufort Scale (not Totem).

# Ecoflexlite

Light on price, big on performance.

- Ecoflexlite may be the smallest in our range, but it packs a punch with its 410mm x 763mm display area.
- Aircraft grade 1.2mm aluminium panel is ideal for screen/digital print or vinyl graphics.
- Unique patented wedge means assembly and disassembly in seconds with no tools required.
- Recycled PVC base provides great stability.
- Wind tested for maintenance free use whatever the weather.
- Option to have embossed logo in base (minimum order quantity 500).

Chalkboard	540 x 952	540 x 917	545 x 978 x 540	11.7	ECOFLEXTRA-HPL

Wedge simply slots through panel and locks into place.

Tested to Storm Force 10 Beaufort Scale.

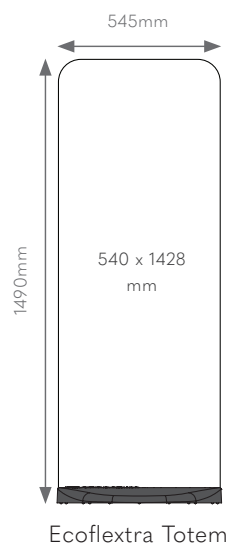

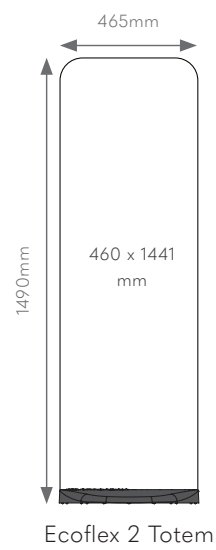

# Ecoflex 2 & Ecoflexextra Totem

Extra tall panels for maximum impact.

- 3mm thick Aluminium Composite (ACM) panels.
- Variable height up to maximum shown below.
- Ideal for screen/digital print or vinyl graphics.
- Unique patented wedge means assembly and disassembly in seconds with no tools required.
- Recycled PVC base offers good stability.
- Suitable for indoor or sheltered outdoor use.
- Totem panels can **only** be used in Ecoflex 2 or Ecoflexextra bases which are manufactured to suit a 3mm thick panel.
- Made to order (no minimum order quantity).

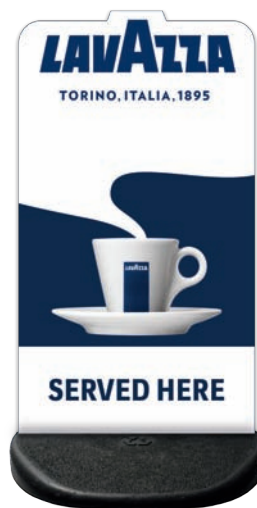

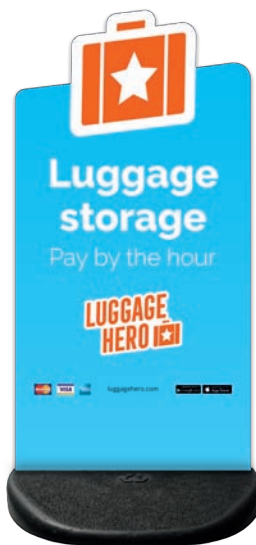

# Ecoflex Custom Shaped Panels

Create truly unique and eye catching designs with custom shaped aluminium panels, brought to life with our vibrant screen and digital print.

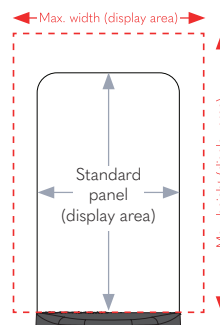

Fully Recyclable

Minimum order quantity 25.

Maximum dimensions for shaped panels (for exterior use)

Ecoflex 2: 460 x 823mm

Oversized: 623 x 918mm

Ecoflexextra: 540 x 917mm

Oversized: 696 x 1017mm

## Ecoflex Chalkboard Panels

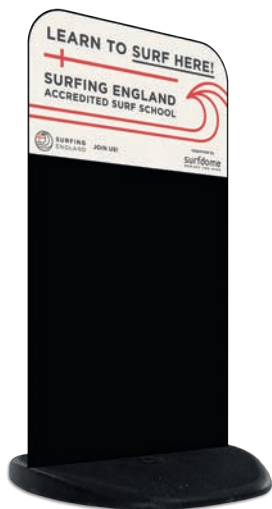

3mm High Pressure Laminate panel material is a tough writing surface ideal for traditional chalk and liquid chalk pens.

Great for personalised messages, changing promotions and special offers. Options of branded panels using direct print or self adhesive vinyl.

Liquid Chalk Pens available (see page 166).

Chalkboard panels are available as standard on Ecoflex 2 and Ecoflexextra models.

Note: Chalkboard panels can only be used in bases manufactured to suit a 3mm thick panel.

# A-Board

A completely smooth panel for undisrupted vinyl/print application.

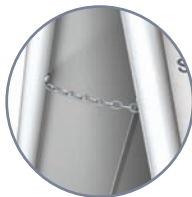

- Double sided 500 x 700mm display area.
- Fixing free aluminium panel surface ideal for screen/digital print or vinyl graphics.
- Folds flat for easy storage and portability.
- Steel tube frame (32mm diameter), powder coated white as standard.
- Supplied pre-assembled and ready for use.
- Frame can be customised to any colour (minimum order quantity 200).

   Fully Recyclable

Rounded corners for style and safety.

Chrome oval chain maintains optimum leg angle.

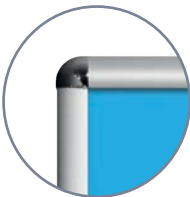

Display Area (mm)	O/A Dimensions (w x h x d mm)	Weight (kg)	Colour	Order Code

# Forecourt Signs

- POW!
- Sentinel®
- Spring Sign
- Banner Frame
- Defender
- Sightmaster 3

Popular in a wide variety of markets, including out of town retail, petrol stations, automotive, supermarkets, motorway services, leisure and health and fitness. Our larger format repositionable outdoor displays are highly effective at promoting longer range promotional offers and tactical marketing messages - to motorists and pedestrians alike.

Forecourt signs can be large and heavy, so design is critical. Generally used outdoors and often in busy pedestrianised areas and in close proximity to parked vehicles, safety and reliability is imperative. At the same time they need to be easy to move, in and out of store on a daily basis if required, and graphics must be simple and quick to update. Other than occasional extremes, they need to withstand the best and worst of the British weather, year in year out.

We have been designing and manufacturing double-sided free-standing forecourt signs for over 30 years and set the industry benchmark for design, safety and performance. No product comes to market without rigorous testing.

New to our offer is the Banner Frame and Wall Banner Frame for display of eyeleted banners on pages 46-47.

# Sentinel®

EU Design Registration No. 000190954

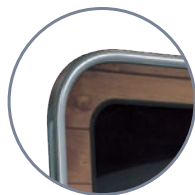

Sentinel® A1 Patent No. 2464773

The ultimate forecourt poster sign.

Smooth rounded corners for safety.

Durable powder coated steel frame (50 x 25mm oval).

Silver border and frame as standard. Custom frame colours (minimum order quantity 25) and/or printed border available (no minimum order quantity).

Built-in wheels - easy to move with our purpose designed trolley (see page 44 for details).

Magnetic poster covers for quick and easy poster change. Bottom opening for larger sizes, side opening for A1.

Sentinel® working hard for major retailers across the country.

Purpose-designed trolley available separately (see page 44 for details).

Sentinel® Tactical Header available separately (see page 35).

Stainless steel tamper-proof fixings retain poster cover at the top (not A1 size).

Easy poster change by one person.

Back panel can be printed to offer brand presence when posters are not in use (no minimum order quantity).

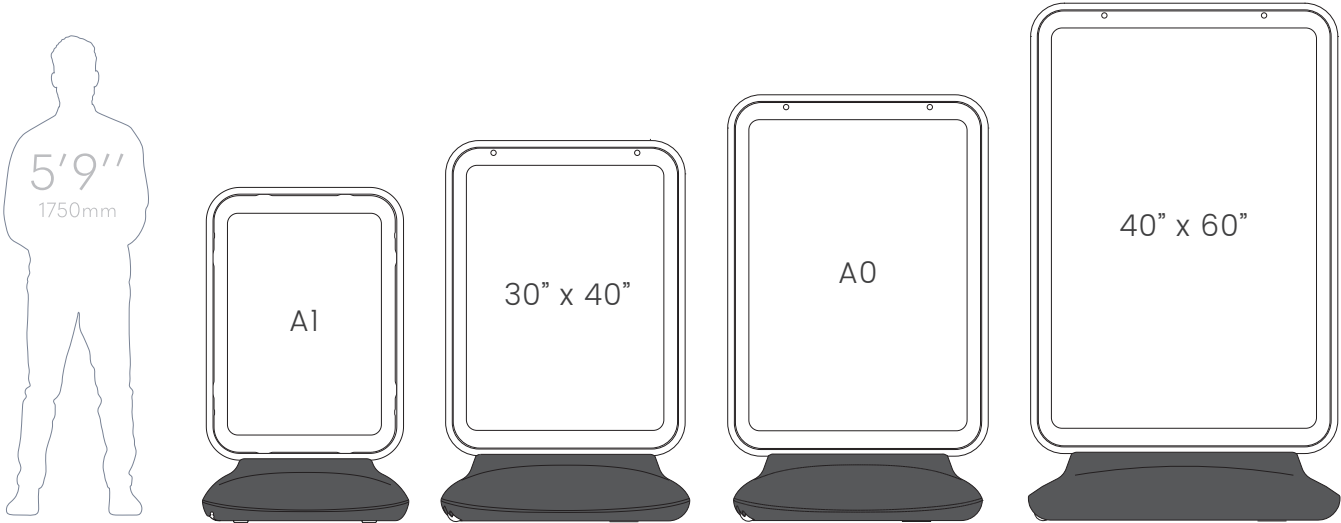

Magnetic sealed polycarbonate poster covers offer strength and superior poster protection.

Black water-fillable base manufactured from recycled polyethylene. Custom colours available (minimum order quantity 25).

Being able to display bold attention grabbing marketing messages outside a store or premises is key to driving footfall. Nothing does that better than Sentinel® - now in a choice of 4 high impact poster sizes.

Poster Size	Display Area (mm)	O/A Dimensions (w x h x d mm)	Weight (kg) Empty/Full	Stock Colour Frame/Base	Order Code
A1	580 x 830	765 x 1245 x 650	18.5/65	Silver/Black	SENA1STD + SENA1BASE
30" x 40"	748 x 1004	935 x 1429 x 704	27/99		SEN34MK4GG + SEN34BASE
A0	827 x 1178	979 x 1603 x 704	31/103		SENA0MK4GG2 + SEN34BASE
40" x 60"	1002 x 1512	1171 x 1942 x 894	37.5/150		SEN46MK4GG + SEN46BASE

Also available in custom colours (minimum order quantities apply).

 **Recyclable:** steel frame, polycarbonate poster covers, part recycled polyethylene base

# Sentinel<sup>®</sup> Banner

Forecourt sign with printed banner display.

- Steel frame with silver powder coated finish as standard – also available in custom colours (minimum order quantity 25).
- Black water-fillable polyethylene base, precisely calculated for optimum stability, made using recycled materials.
- Built in wheels and purpose designed trolley make it easy to move into position (see page 44 for details).
- Supplied complete with set of elasticated banner ties.
- Digitally printed double-sided banners available to order (750gsm reinforced light block PVC as standard).

Elasticated banner ties supplied.

Built-in wheels for ease of movement.

**Recyclable:** steel frame, part recycled polyethylene base, optional PVC banner

Banner Size	Display Area (mm)	O/A Dimensions (w x h x d mm)	Weight (kg) Empty/Full	Stock Colour Frame/Base	Order Code
30" x 40"	742 x 996	935 x 1429 x 704	25/97	Silver/Black	SENBAN34GG + SEN34BASE
40" x 60"	996 x 1504	1171 x 1942 x 894	38/146		SENBAN46GG + SEN46BASE

# Sentinel<sup>®</sup> Tactical Header

Be reactive with our clip-on Sentinel<sup>®</sup> header.

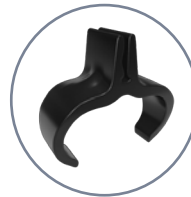

- Simply clips on to the top or side of Sentinel<sup>®</sup> frames.
- Ideal for short term or dual brand promotions - additional advertising space at minimal cost.
- 0.9mm rigid gloss white PVC panel ideal for screen/ digital print or vinyl graphics.
- Supplied complete with clips.
- Custom shapes available (made to order - minimum order quantity 25).

Fully Recyclable

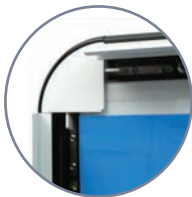

Type	Size (mm)	Order Code
A1	625 x 200	THSENA1
30" x 40"	795 x 215	THSEN34
A0	870 x 230	THSENA0
40" x 60"	1050 x 245	THSEN46

Simply clips on top of Sentinel<sup>®</sup> and Sentinel<sup>®</sup> Banner frames (clips available separately).

# Cyclone 2

Eye-catching, stable and stylish.

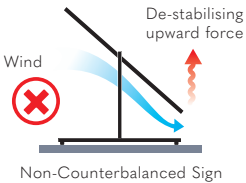

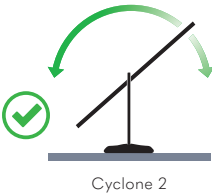

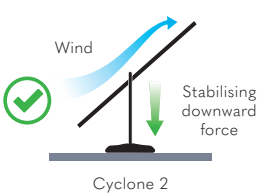

Snapframes for quick and easy poster change.

Hard wearing pivots for friction-free wind movement.

- Double sided 40" x 60" poster display.
- Front opening 50mm wide white Frameworkz snapframes can be printed (no minimum order quantity) or are ideal for vinyl text or logos.
- Back panel can be printed to offer brand presence when posters are not in use (no minimum order quantity).
- 700 micron clear PET poster covers, fixed along top edge for security and ease of poster change.
- Black steel cradle with hard wearing pivot axles.
- Water-fillable black HDPE base with built-in wheels for ease of movement.
- Round corners throughout for safety.
- Purpose designed trolley and filling hose available (see page 44 for more details).

Cyclone 2's unique counter-balanced panel deflects wind safely and creates interest through movement:

  **Recyclable:** aluminium frame, steel cradle, PET poster covers, polyethylene base

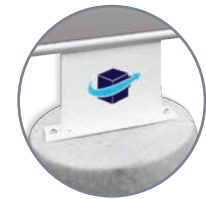

Poster Size	Display Area (w x h mm)	O/A Dimensions (w x h x d mm)	Weight (kg) Empty/Full	Order Code
40" x 60"	980 x 1502	1206 x 1831 x 698	44/101	CYCLONE2 + BASE2

# Defender

Permanent large format poster display.

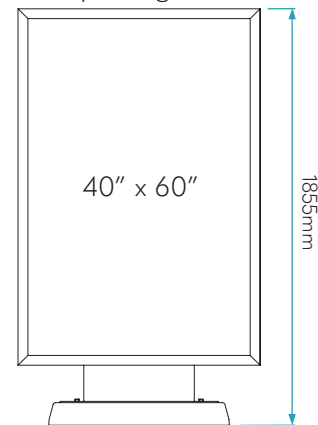

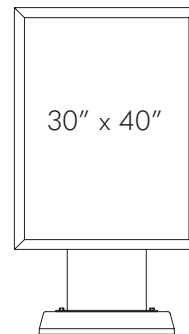

Snapframes for quick and easy poster change.

Steel sub-frame panel suitable for permanent branding.

- Front opening 38mm profile aluminium snapframes for quick and easy poster change.
- Anti-glare PET poster covers give excellent clarity.
- Heavy concrete base for optimum stability.
- Steel sub frame with panel area below poster frame suitable for permanent branding (no minimum order quantity).
- Back panel can be printed to offer brand presence when posters are not in use (no minimum order quantity).
- Silver anodised snapframe with white steelwork as standard. Custom colours also available made to order (minimum order quantity 25).
- Please call our sales team for delivery charge costs.

**Recyclable:** aluminium snapframes, steel sub-frame, PET poster covers

Poster Size	Display Area (w x h mm)	O/A Dimensions (w x h mm)	Base Diameter (mm)	Weight (kg)		Order Code
				Base	Frame	
30" x 40"	729 x 983	818 x 1447	600	53	15	DEF34WA + KIT01
40" x 60"	984 x 1492	1072 x 1855	800	80	24	DEF46WA + KIT02

# Sightmaster 3

Stylish spring mounted snapframe sign with advanced performance features.

- Available in two colour options with advanced style, stability and performance.
- Front opening aluminium snapframes for quick and easy poster change. Opening tool supplied for easy access.
- High strength Aluminium Composite Material back panel has smooth white surfaces for self adhesive vinyl graphics or liquid chalkpen messaging if posters are not in use.
- Unique water-fillable HDPE base with built-in wheels.
- Heavy duty spring mounts ensure stability by allowing panel deflection in the wind.
- Anti-glare poster cover sheets ensure clarity and vibrancy by protecting posters from UV fade.
- Soft round corners for safety.
- Transit trolley available to aid movement when base is full (30" x 40" and A0 sizes only).
- Ideal for forecourts, entrance approaches, car parks, retail outlets and shopping centres.
- Supplied with 2 piece spanner set.

Fully Recyclable

Large base designed for use with our transit trolley (see page 44 for details).

Nylon feet reduce wear and increase stability on uneven surfaces.

Exclusive design base has optimised water capacity for advanced stability.

Higher specification corner brackets on 30" x 40" and A0 sizes.

A0

30" x 40"

A1

Poster Size	Display Area (mm)	O/A Dimensions (w x h x d mm)	Weight (kg) Empty/Full	Colour	Order Code

Instruction  
Video

Be reactive with our clip-on Sightmaster 3 Tactical Header.

- Simply clips on to the top of Sightmaster 3 frames (unclip for poster change).
- Ideal for short term or dual brand promotions - additional advertising space at minimal cost.
- 0.9mm rigid gloss white PVC panel ideal for screen/ digital print or vinyl graphics.
- Supplied complete with clips.
- Custom shapes headers available, made to order (minimum order quantity 25).

Type	Size (mm)	Order Code
A1	582 x 200	THSM3A1
30" x 40"	751 x 215	THSM334
A0	829 x 230	THSM3A0

# Spring Sign

A lower cost alternative to Sightmaster 3 - where optimum outdoor performance isn't required, or when price is king!

- Very competitive pricing – A1 poster size in silver finish only.
- Matches or betters industry standard spring-based poster signs.
- 25% lighter when filled with water than our premium spring-based Sightmaster 3.
- Front opening aluminium snapframes for quick and easy poster change.
- Anti-glare poster cover sheets protect posters from UV fade.
- White aluminium composite (ACM) back panel suitable for permanent self-adhesive vinyl messaging.
- Built-in wheels for ease of movement - no lifting required.
- Quick and easy no tools assembly.
- Snapframe opening tool included.

Poster Size	Display Area (mm)	O/A Dimensions (w x h x d mm)	Weight (kg) Empty/Full	Order Code
A1	575 x 822	782 x 1120 x 499	11.2/35	SSA1FRS + SSA1BG

Type	Size (mm)	Order Code
A1	582 x 200	THSM3A1

## Be reactive with our clip-on Tactical Header.

- Simply clips on to the top of Spring Sign frames.
- Ideal for short term or dual brand promotions - additional advertising space at minimal cost.
- 0.9mm rigid gloss white PVC panel ideal for screen/ digital print or vinyl graphics.
- Supplied complete with clips.
- Custom shapes available (made to order - minimum order quantity 25).

# Sign Covers

Sleeves over a forecourt poster sign for high-visibility promotion and medium-term campaigns.

- Promotes new service offers, new products and new site ownership/rebranding.
- For medium-term promotions typically 3 to 12 months.
- Borderless printed designs provide up to 38% more display area than the posters they cover.
- Suitable for the following signs in all sizes - Sentinel®, Defender, Sightmaster 3 and Spring Sign.
- Tear-proof polyester reinforced PVC material and stitched seams for excellent outdoor performance.
- Tethering holes in lower edge to suit cable-tie or similar for optional added security.
- For forecourt, supermarket, retail, service, exhibition and leisure-site locations.
- Custom sizes available.
- No minimum order quantity.

Sign Type	Poster Size	Cover Dimensions (mm)	Order Code
Fixed-Mount Frame	A1	792 x 1010	SCFIXA1
	30" x 40"	960 x 1210	SCFIX34
	A0	1039 x 1373	SCFIXA0
	40" x 60"	1214 x 1707	SCFIX46
Spring-Mounted Frame	A1	730 x 925	SCSPRNGA1
	30" x 40"	920 x 1092	SCSPRNG34
	A0	1015 x 1278	SCSPRNGA0
	40" x 60"	1170 x 1600	SCSPRNG46

Easy-fit cover.

Tether holes in lower edge.

# POW! Sign

Going above and beyond the standard rectangular poster or banner sleeve.

An innovation in large format double-sided signs, *POW!* delivers striking breakout shapes that are guaranteed to draw attention.

Panel sleeve design enables easy and cost effective graphic updates.

Maintenance free reinforced polypropylene sleeve (15mm thick).

Vibrant, larger than life images for high impact promotion.

Long range visibility to capture both pedestrians and motorists attention.

Wholly customisable with endless text and image combinations.

Freestanding - no groundwork needed. Water-fillable and concrete base options available.

Made to order (see minimum order quantities opposite).

**Recyclable:** steel frame, steel fasteners, polyethylene base & steel axle, bolt to ground steel frame

Instruction Video

Ideal for breakout shapes and disruptive designs.

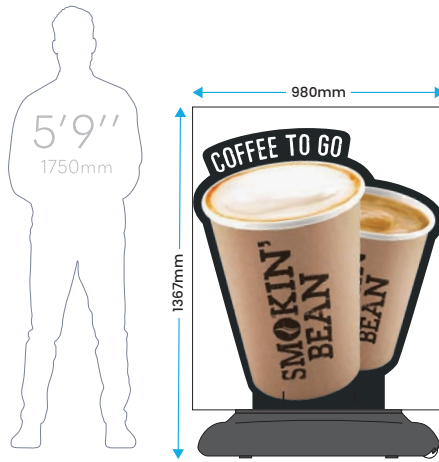

Panel slots into place effortlessly.

Cost effective graphics, updatable in 1 minute.

Purpose designed trolley & hose available separately (see page 44 for details).

### Small POW!

Max Display Area:  
980mm x 1180mm  
(minimum order quantity 10\*)

### Medium POW!

Max Display Area:  
1180mm x 1348mm  
(no minimum order quantity  
with waterfill base)

### Large POW!

Max Display Area:  
1425mm x 1667mm  
(minimum order quantity 10\*)

\*Panels only - no minimum order quantity

## Base options

### Waterfill Base

- Black water-fillable polyethylene.
- Built-in wheels for positioning (optional trolley available).

### Concrete Base

- For more permanent positioning.
- Lower cost material but generally higher distribution cost.

### Bolt to Ground

- A permanent installation option.

# Trolley and Hose

Convenient assistance for a selection of our large format signs.

- Purpose designed flat pack trolley for easy and safe movement of Sentinel<sup>®</sup>, Sentinel<sup>®</sup> Banner, Cyclone 2, large-based Sightmaster 3 and *POW!*
- 3m hose with tap connector also available for convenient base filling.

Item	O/A Dimensions (mm)	Weight (kg)	Order Code
Trolley	225 x 1220 x 225	2.5	TROLLEY
Hose	3000 x 13	1	SENHOSE
Adaptor*	90 x 45 x 48	0.125	TROLLEYADAPTOR

\* Only used with old Sightmaster 2 units.

Recyclable: steel trolley handle

# Bollard Wraps

Transform any bollard into a high impact advertisement.

- Simply pops over existing bollards for effective seasonal marketing or promotion of new products and services.
- Suitable for a wide range of bollard sizes from 100mm - 200mm diameter.
- Choose from 3 heights: 800mm, 1000mm and 1200mm.
- 3 sided and 4 sided options available.
- Graduated tabs allow quick and easy assembly without the need for any tape, fixings or tools.
- Fine-fluted 3mm Correx polypropylene for resilient outdoor use.
- No minimum order quantity.

Bollard Wrap  
detail view

# Banner Frame

Lightweight aluminium banner frame for ground siting.

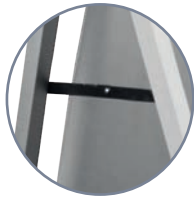

- A-frame design for single or double-sided banners.
- Ground pegs included for soft ground anchoring.
- Flat-pack, no tools assembly. Complete with padded carry bag.
- Anodised frame finish resists scratches to maintain best appearance.
- Self-adjusting bungee hooks hold eyeletted banners under tension.
- Bungees included.
- Recommended banner size: 2840 x 1090mm.
- Use with caution outdoors – light winds only.

**Recyclable:** aluminium tubes, steel stays, steel pegs, steel hinges

Simple push-fit assembly.

Hinged stays.

Display Area (mm)	O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code
2840 x 1090	3000 x 1250 x 800	6.5	BANFRAME

# Wall Banner Frame

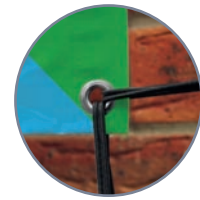

Lightweight aluminium banner frame kit for wall mounting indoors or outside.

- 8x galvanised steel stand-off brackets for wall mounting.
- Aluminium 25 x 25mm frame tubes - low weight for handling and fitting.
- Fast push-fit assembly with simple installation.
- Low profile design - frame stands just 125mm forward of any mount surface.
- Self-adjusting bungee hooks hold eyeletted banners under tension.
- Bungees included.
- Recommended banner size: 2840 x 1090mm.

Wall fixing brackets.

Silver finish metal eyelets.

Display Area (mm)	O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code
2840 x 1090	3000 x 1250 x 125	5	BANFRAMEWALL

Recyclable: aluminium tubes, wall brackets

# Café & Rope Barrier Systems

- Adfresco® Café Barrier
- Adfresco® LT
- Pole & Rope Barrier

Advertise and manage space simultaneously with these stylish market leading products.

Manufactured to our patented design and quality standards, the Adfresco® Café Barrier range combines style, market leading features and performance at an attractive price. In a choice of styles, sizes and finishes it includes the lower specification Adfresco® LT pole and base to cater for the tighter budget or for indoor/sheltered outdoor use.

Banners can be produced by you to our templates, or for peace of mind and ease why not come to us for the finished product, ready-to-go with beautifully printed banners in light-block or mesh PVC, or close-weave polyester canvas for a more traditional look and feel.

# Adfresco® Café Barrier

Stylish, strong and effective - create the perfect space for your customers and brand. Available in Stainless Steel or Satin Black.

Stainless Steel showing lower cross rail and sliding ring tether option.

Satin Black pole

Cross Rail Option

Bungee Option

- Unique patented design with market leading features and benefits.
- High quality 3 series polished stainless steel for optimum outdoor life and scratch resistance.
- Tough satin black pole and base for an alternative look.
- 13.5kg x 360mm diameter base provides excellent stability.
- Rubber edged base prevents damage to floors and gives the option to roll rather than lift.
- Option of lower cross rail for full Equality Act compliance or lower cost bungee fixings.
- Flat packed for easy storage and transport.
- Easy to assemble. Spanner included.
- Stainless steel top cross rail.
- Choice of banner sizes and materials.

## Lower cost LT Base and Pole.

- Lower cost and lower performance hardware option.
- 2 series stainless steel pole and base.
- Stainless steel top cross rails.
- Lighter 10.3kg x 360mm diameter base.
- Supplied with cost effective bottom bungee tether.
- Easy to assemble. Spanner included.
- Same choice of high quality banner options.

## Unique features of Adfresco® Café Barrier:

Recyclable: stainless steel stanchion, base covers, stainless steel cross bars

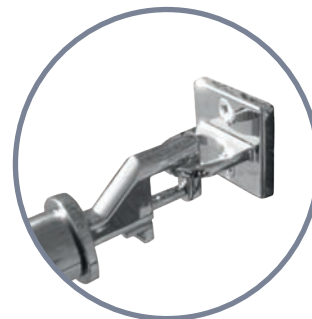

Top/Clip

Sleek top designed for comfortable lifting, comes with quick release cross rails. Supplied with a protective cover to prevent damage in transit.

Adfresco® Sliding Ring

Unique patented smooth-glide ring allows banner to flex and eliminates wind damage associated with traditional designs. Not available with LT.

Chrome Plated Eye Plate

Available for vertical screw fixing to a wall or raised planter.

Adfresco® Base

Concrete filled 13.5kg rubber edged base provides optimum stability, prevents damage to floors and gives the option to roll rather than lift.

Bottom Cross Rail

Optional rigid lower cross rail provides audible tap for visually impaired (Equality Act Compliant). Not available with LT.

Bungee Wall Hook

Bungee Connector

Optional lower bungee connector holds banner taut – a cost effective alternative to a bottom cross rail. Prevents over stretching of banner.

Designed for easy end of life recycling.

# Adfresco® Café Barrier - Selection Tool

Adfresco® allows you to individually select the elements to create your perfect Café Barrier - all with market leading features and benefits.

Choose your poles & bases:

OR

OR

**Premium Adfresco® stainless steel**

Optimum outdoor life and scratch resistance.

**Premium Adfresco® satin black**

A popular alternative to stainless steel.

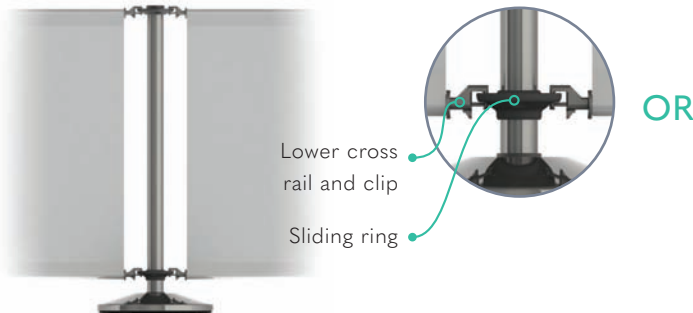

**Budget Adfresco® LT**

Reduced specification. Stainless steel and lower bungee tether only.

Choose your lower tethering method:

**Double cross-rail option**

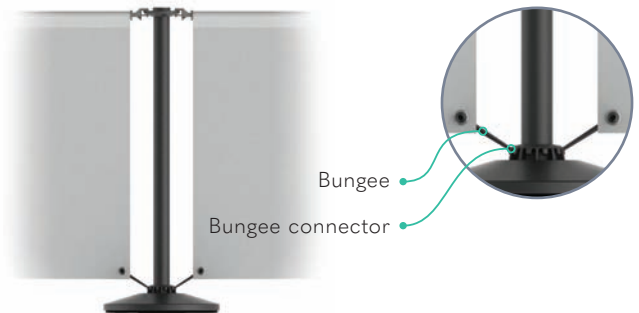

Provides strength, tautness and Equality Act compliance.

OR

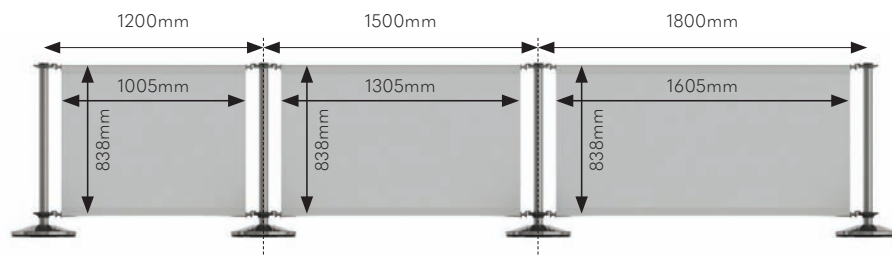

**Single cross rail and lower bungee option**

Select the bungee pole connector and bungees instead of a second cross rail.

## Choose your banner width:

For more exposed locations, such as seafront cafes, shorter banner widths work best.

## Choose your banner material:

### Light Block PVC 750gsm

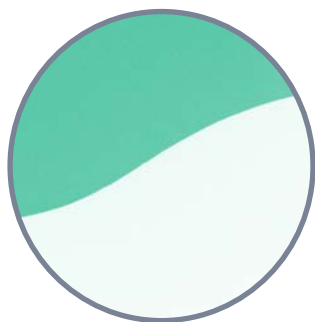

Reinforced and totally opaque, this is perfect for double sided print, long outdoor life and vibrant colour reproduction. The easy wipe clean surface makes it ideal for front of house food and drink environments.

### Polyester Canvas 450gsm

This close weave 100% polyester fabric has all the appearance, weight and feel of a traditional canvas yet, unlike cotton based canvases, it is cost effective and will not rot or stain. Available full colour printed to one side with the option of white or single colour on the reverse.

### Mesh PVC 380gsm

Provides a semi transparent finish and allows some air to pass through making it ideal for windy locations & subtle branding. Full colour print is available on one side (white on reverse).

All of our banners are suitable for outdoor use. To maintain best appearance, occasionally sponge down with warm soapy water. Use ratio: 30ml liquid soap / 10 litres water.

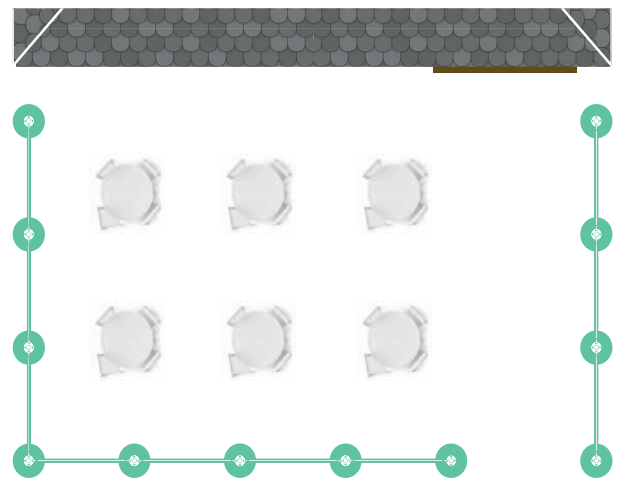

# Adfresco® Example Layout

Key

 Adfresco® Base & Pole

 Adfresco® Cross Rail & Banner

1. 12 poles/bases & 10 cross rails.

2. 10 poles/bases, 2 wall hooks/eye plates & 10 cross rails.

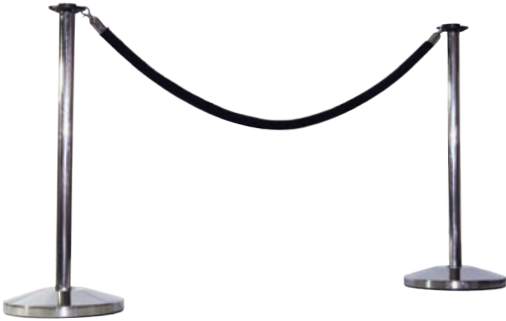

## Choose your Adfresco® hardware:

EAT**

# Projecting Signs

- Flange Signs
- Noscrewz Flag Kit
- Sucker Flags
- Standard Flag Kit

For most bricks and mortar businesses getting yourself noticed is essential, and standing out in the crowd has never been more important than in today's challenging market place where every sale and new customer counts.

At the store-front a free-standing Pavement Sign or A-Board does a great job to attract a customer's attention below head height but visibility can get obscured by pedestrians and other street furniture, particularly from longer distances. A solution is to invest in complementary higher level, double-sided projecting signage.

# Flange Signs

Low cost, high impact flat projecting signs, available in 3 standard sizes.

## Standard sizes:

Rectangular

Round

Oval

 Fully Recyclable

Shape	Display Area (w x h mm)	O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code
Round	495 diameter	550 x 495 x 50	0.83	FLSR1.2
Oval	500 x 400	600 x 400 x 50	0.72	FLSO1.2
Rectangular	575 x 417	575 x 417 x 50	0.91	FLSS1.2

- Cost effective, double sided shop front advertising.
- Exceptional value with 5 plus years of outdoor life.
- 1.2mm aircraft grade aluminium panels with a gloss white polyester powder coated finish – ideal for vinyl application.
- Direct to surface printing available. No minimum order quantity.
- 50mm fixing flange, pre-drilled with round fixing holes as standard.

## Custom shapes:

Customised shape can enhance stand-out and brand recognition.  
Made to order - minimum order quantity 25.

# Sucker Flags

Visible and versatile – inside or out.

- Ideal for chillers, product displays, static vehicles or windows.
- True double-sided polyester flags (not mirror image on reverse) with black pole hem.
- Simply secures to smooth surfaces such as glass, plastic or metal.
- Fibre composite pole keeps flag taut and swivels in the wind.
- Adjustable angle.
- Quick and easy to change flags for new promotions.
- Kit includes pole, bracket and flag.
- Minimum order quantity 100.

 Made To Order

## Ways to display:

Easily adjustable angle for any situation.

Single lever secures flag and allows quick release.

Perfect for chillers and display cases

Great for forecourts and showrooms.

Also ideal for use on shop frontages.

Item	Display Area (w x h mm)	Dimensions (mm)	Weight (kg)
Sucker Flag Kit (complete)	233 x 501	285 x 720	0.15

# Noscrewz Flag Kit

Ideal for glass mounting.

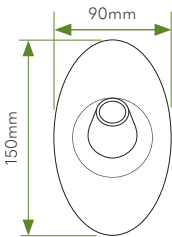

- Safe, tamper proof and secures on any smooth surface.
- Incredibly quick and easy to use, simply push onto surface and twist. No tools required.
- Kits include bracket, sectional pole offering variable length, collar and finial. Flag available separately.
- Suitable for internal and external use.
- Plain 750gsm reinforced light-block PVC flags held in stock. Suitable for vinyl graphics.
- Print service available (no minimum order quantity).
- Custom shaped flags available (minimum order quantity 25)\*.

   **Recyclable:** PVC/ASA bracket, PVC pole, polypropylene collar and finial, PVC flag

Instruction Video

Bracket

A simple twist creates a vacuum that locks the bracket in place.

Simply twist back and pull upper or lower tab to release bracket.

Item	Dimensions (mm)	Weight (kg)	Order Code
Noscrewz Flag Kit (bracket, pole, finial and collar)	Bracket: 90 (w) x 150 (h) Pole length: 150/300/450/600/750 Pole diameter: 19	0.4	NOSCREWZ2
Display Flag	430 x 355 x 560	0.2	FLAGTRADE

\* Care is required if using Noscrewz for oversized (wider and/or taller) flags. Unless the pole is shortened (use of fewer pole sections during assembly) we would only recommend flags in our standard 750gsm reinforced light block PVC up to a maximum of 0.25m<sup>2</sup> (less than 200g in weight).

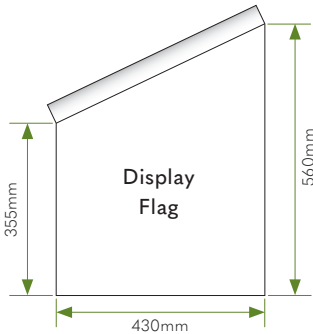

# Standard Flag Kit

For wall mounting.

- Tapered socket ensures excellent pole grip and prevents loss of flags in windy conditions.
- Suitable for screw fixing to walls.
- Kit includes polypropylene bracket, PVC pole, finial and collar. Flag available separately.
- Plain 750gsm reinforced light-block PVC flags held in stock. Suitable for vinyl graphics.
- Print service available (no minimum order quantity).
- Custom shaped flags available (minimum order quantity 25).
- Marine grade polyester stitching for optimum flag life.

 **Recyclable:** polypropylene bracket, PVC pole, polypropylene collar and finial, PVC flag

Bracket

Item	Dimensions (mm)	Weight (kg)	Order Code
Standard Flag Kit (bracket, pole, finial and collar)	Bracket: 50 (w) x 117 (h) Pole: 750 (length) x 19 (dia.)	0.2	FLKIT
Display Flag	430 x 355 x 560	0.2	FLAGTRADE

# Flying Banners

- Feather
- Teardrop
- Rectangle
- Bases and Mounting Accessories
- Giant Pole

The popularity of Flying Banners, sometimes referred to as Event Flags, Sail Flags, Beach Flags or Feather Flags, has grown tremendously in recent years.

Whilst remaining as popular as ever with charities, organisers and supporters of outdoor events and challenges, and for use at festivals, galas, conferences and fairs, the eye-catching appeal of Flying Banners has found favour with pretty much every brand and retail marketer with an interest in outdoor promotion and a desire to be noticed.

Proud to be at the forefront of this revolution our high quality printed textile flags are supported on high-strength carbon composite poles and friction-free bearing spindle, on a choice of base, ground spike or bracket mount.

We have invested heavily in research, product development and testing to ensure materials, print and product performance are amongst the best available whilst offering very competitive pricing.

# Flying Banners

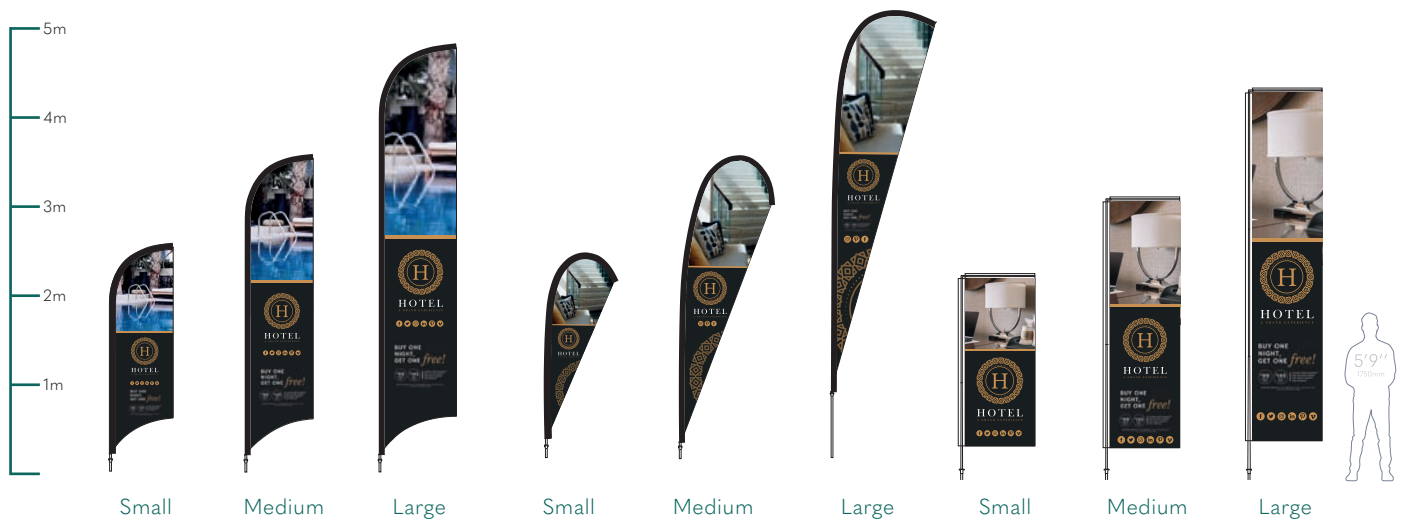

There is something joyful and mesmerising about a line of flags dancing in unison in the breeze, which brands, retailers and organisations of all types are rightly capitalising on to draw feel-good attention to their business.

A choice of 3 shapes and 3 sizes.

## Feather Flying Banners

## Teardrop Flying Banners

## Rectangle Flying Banners

## Leading Quality and Performance

### Carbon Composite Banner Poles

- Our light-weight, high-strength, sectional poles come with a 3 year manufacturer's warranty.
- Stronger and more stress/gust resistant than any aluminium pole offering.
- Reuse for years with replacement flags as required.

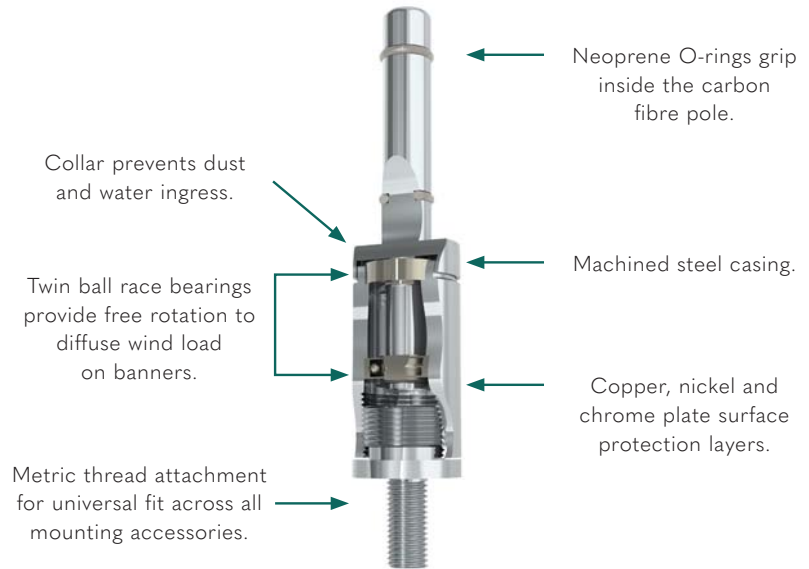

## Friction-Free Bearing Spindle

Our intelligently designed and engineered steel bearing spindle features in all our outdoor base and mounting bracket solutions.

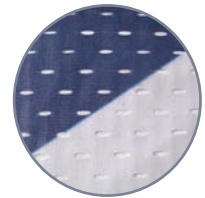

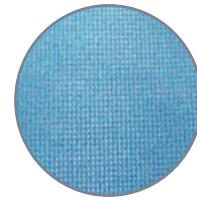

Friction-free rotation allows the flag to easily align to the wind, minimising stress and optimising flag visibility, performance and life-span.

## Flag Materials

There is a choice of standard 110gsm close-weave or 115gsm air-mesh polyester textiles, both offering an excellent combination of strength and image vibrancy.

Small holes in air-mesh allows some air to pass through the fabric thus reducing wind fatigue on the flag. This makes it a good choice for windy situations, particularly in combination with the elasticated pole sleeve (see below).

## Sublimation Printing

All flying banner flags are printed by a dye-sublimation process which uses special inks and a post-print heating process to 'fix' the ink into the fabric, making it resilient and washable as well as maximising the mirror image show-through on the reverse.

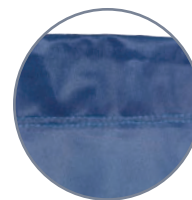

## Flag Pole Sleeves

The majority of our flags are produced with printed, non-elasticated wrap-around pole sleeves, providing maximum possible print area. When extra durability is required there is the option of a reinforced black elasticated sleeve. This would be recommended for exposed or unattended locations, such as roadside and 24/7 retail sites where the flag may not be taken in overnight.

## Finishing

To complete the attention to detail all Flying Banners come with draw-string tethers to adjust tensioning, double-stitched hems and reinforced pole sleeve ends for optimum flag life, and a black canvas carry bag to store pole, flag and ground spike when not in use.

## Wide Choice of Base and Mounting Accessories (see pages 70-72).

Tank Base

Wheel Base

Bracket Mount Bearing Spindles

Ground Spike

Concrete Base

Base Plate

Cross Base and Water Bag

## Outdoor Performance

Naturally, Flying Banner life span depends on how and where they are used.

Teardrop flags generally last longer than Feather flags as the banner fabric is held in tension and experiences less movement.

Whichever style you choose we recommend taking them in overnight and avoid use in inclement weather (i.e. 24+ mph wind speeds/Beaufort scale 6). Failure to do so will significantly shorten the lifespan of the product.

\* Flag templates available on request, if own flag production preferred.

# Feather Flying Banner

Feather shaped banner which flutters and rotates in the wind.

- High strength sectional carbon fibre pole.
- Market leading detail, quality and performance.
- Printed flags in standard or airmesh polyester textile to order.
- Choice of mounting accessories available.
- Printed non-elasticated wrap-around pole sleeves give maximum possible printed display area.
- We recommend an elasticated black pole sleeve for increased durability.

Black canvas bag supplied with each pole includes compartments to store flag, ground spike and water bag.

Adjustable draw string tethers for optimal tensioning.

Showing black reinforced elasticated pole sleeve and Base Plate.

Item	O/A Height (mm)	Pole & Bag Weight (kg)	Order Code Pole & Bag	Flag Size Wrap around (mm)	Order Code Printed flags with Wrap around printed pole sleeve	Flag Size Elasticated (mm)	Order Code Printed flags with reinforced elasticated black pole sleeve

Instruction Video

# Teardrop Flying Banner

Teardrop shaped banner which rotates in the wind.

Showing wrap-around pole sleeve and Tank Base.

- High strength sectional carbon fibre pole.
- No fluttering means less distress and increased durability.
- Market leading detail, quality and performance.
- Printed flags in standard or airmesh polyester textile to order.
- Choice of mounting accessories available.
- Printed non-elasticated wrap-around pole sleeves give maximum possible printed display area.
- We recommend an elasticated black pole sleeve for increased durability.

Black canvas bag supplied with each pole includes compartments to store flag, ground spike and water bag.

Adjustable draw string tethers for optimal tensioning.

Item	O/A Height (mm)	Pole & Bag Weight (kg)	Order Code Pole & Bag	Flag Size Wrap around (mm)	Order Code Printed flags with Wrap-around printed pole sleeve	Flag Size Elasticated (mm)	Order Code Printed flags with reinforced elasticated black pole sleeve

Teardrop Medium	3340	1.5	FBTMD	1048 x 3130	FBTMDBAN(SW)	1067 x 3062	FBTMDBANBEH(SW)
Teardrop Large	4925	2	FBTLG	1144 x 4122	FBTLGBAN(SW)	1177 x 4052	FBTLGBANBEH(SW)

# Rectangle Flying Banner

Rectangle shaped banner which flutters and rotates in the wind.

- High strength sectional carbon fibre pole.
- Horizontal top pole ensures branding is always on show, with or without wind.
- Market leading detail, quality and performance.
- Printed flags in standard or airmesh polyester textile to order.
- Choice of mounting accessories available.
- Printed non-elasticated wrap-around pole sleeves give maximum possible printed display area.
- We recommend an elasticated black pole sleeve for increased durability.

Black canvas bag supplied with each pole includes compartments to store flag, ground spike and water bag.

Adjustable draw string tethers for optimal tensioning.

Showing black reinforced elasticated pole sleeve and Cross Base and Water Bag.

# Mounting Accessories For Flying Banners

## Tank Base

- Purpose designed water or sand fillable black HDPE base with our leading low friction bearing spindle for all flag sizes.
- Far superior to alternative parasol base offerings.
- 14 litre capacity, for water or kiln-dried sand.
- Designed for ease of handling even when full - satisfies manual handling guidelines.
- Stackable design - second tank (part FBSMTK) recommended for large flags outdoors. Provides up to 40kgs of ballast but remains easy and safe to carry in 2 parts.
- Screw cap for ease of filling.

Item	O/A Dimensions (w x h x d mm)	Weight (kg)			Order Code
		Empty	Water-filled	Sand-filled	
Tank Base + Spindle	455 x 245 x 255	2.3	15	20.8	FBSMTK+TKBRG
Tank Base only	455 x 110 x 455	1.5	14.3	20	FBSMTK
Spindle only	100 x 132 x 100	0.8	–	–	TKBRG

## Wheel Base

- Black powder coated steel feet with low friction bearing spindle (total weight 4kg).
- Folding design for easy storage.
- V shape allows base to be wedged under any parked vehicle wheel (or driven onto).
- Suitable for all tyre sizes.

Conversion kit for small or medium flags on medium or large poles provides flag clearance above vehicle - see ground clearance in table below:

Item	Flag and Pole Compatibility	Typical Ground Clearance (m)	Order Code
Wheel Base	See below	–	FBWHEEL(2)
Conversion kit 1	Small feather flag + medium pole	1.3	FBCONKIT1
Conversion kit 2	Small teardrop flag + medium pole	1.8	FBCONKIT2
	Small rectangular flag + medium pole	1.3	
	Medium feather flag + large pole	1.4	
	Medium teardrop flag + large pole	1.8	
Conversion kit 3	Medium rectangular flag + large pole	1.6	FBCONKIT3

## Bracket Mount Bearing Spindles (Angled, Vertical, Horizontal)

- Friction-free bearing spindle on a choice of 3 different fixing plates for vertical or horizontal mounting.
- Fixings not supplied - it is up to the installer to choose the appropriate fixing for the situation.
- Suitable for parapet walls, posts, fencing etc.

Item	Weight (kg)	Order Code
Angled	0.83	FB25DGWALBRG
Vertical	0.85	FBVERTWALBRG
Horizontal	0.7	FBCONCBRG

**Note:** if considering an angled mount for a shop or building frontage then we recommend use of small Teardrop Flying Banners only - to avoid flag damage against the wall in the event of wind rotation.

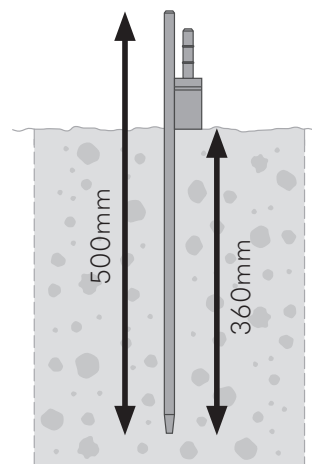

## Ground Spike

- Steel spike for soft ground or sand.
- Bearing spindle for smooth flag rotation.
- Male pole connections with O rings provide a perfect and secure fit as well as offering free rotation to deflect wind loading.

Weight (kg)	Order Code
1.2	FBSPIKE(2)

Ground Spike Diagram

### Concrete Base

Item	O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code
Concrete base with Bearing Spindle	600 (dia.) x 100 (h)	67	FBCONC + FBCONCBRG

- Heavy duty 67kg base solution - ideal for semi-permanent positioning.
- High quality low friction bearing spindle for smooth flag rotation.
- Spindle assembly comes with 4 bolts and spanner (concrete base pre-threaded).
- Lever points provided for ease of movement.
- Due to weight of base, pallet delivery is necessary.

### Base Plate

Recyclable:  
steel base plate,  
steel spindle

Item	Dimensions (mm)	Weight (kg)	Order Code
Small Base Plate	300 x 300 x 9 (plate 6mm thick)	4.2	FBBASEPLATESM
Large Base Plate	400 x 400 x 9 (plate 6mm thick)	7.3	FBBASEPLATELG

- Stylish low profile base for interior use only eg. exhibitions, retail, malls, showrooms, sport and leisure venues.
- Matt black non reflective base finish.
- Integral spigot grip-feature holds pole/flag position and desired best line of view.
- Low profile - Base Plate sits just 9mm above floor.
- 3mm thick foam foot pads protect floor and ease lifting.
- 2 sizes: Small Base Plate for all small flags and Large Base Plate for all medium and large flags.
- Allen Key tool included to fix spigot to base.

### Cross Base and Water Bag

Recyclable: steel cross  
base, steel spindle

Item	Dimensions (mm)	Weight (kg)	Order Code
Cross Base	Length: 840 Width: 60	4	FBBASE(2)
Water Bag	540 diameter	Empty: 0.4 Full:10.6	FBBAG(H)

- A traditional Flying Banner base solution for hard ground indoors or out.
- Compact packing can make this a popular choice when transport space to an event is at a premium.
- Powder coated grey steel cross base, with high quality low friction bearing spindle for smooth flag rotation.
- Holes at end of feet for pegging to soft ground if required (pegs not supplied).
- Optional water bag for added stability.

# Giant Pole

Huge attention grabbing outdoor display.

Instruction  
Video

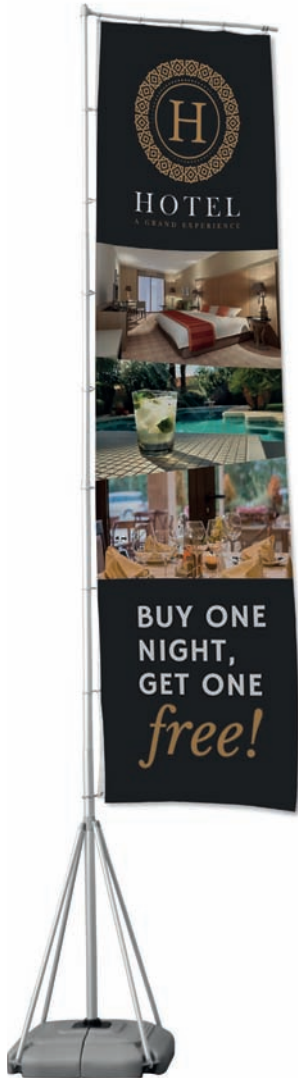

360° rotating  
flag arm.

- High impact display for 1.1 x 4.1m textile flag.
- Ideal for forecourts, shopping centres, exhibitions and events.
- 2-part water fillable polyethylene base for optimum stability.
- Telescopic aluminium pole with silver anodised finish (54mm diameter at base).
- Printed flags available to order (single and double sided).
- Printed by dye sublimation - see page 193 for more details.
- Pole and base carry bags included.

## Double Sided Flags

A twin layer of standard polyester fabric with central liner allows different designs on each side and a good level of opacity. Due to the added weight, double sided flags will not flutter in the wind in the same way as standard flags.

Telescopic pole.

2 part base for ease  
of transportation.

Water fillable base  
with clip-in leg fixings.

**Recyclable:** aluminium pole,  
polyethylene base

Item	O/A Dimensions (w x h x d mm)	Weight (kg) Empty/ Full	Availability	Order Code
Giant Pole hardware (exc. Flag)	Base: 800 x 180 x 800 O/A height: 5.4m	15/70	In stock	GIANTPOLE(H)
Printed Flag Single Sided	1100 x 4100	–	Made to order	GIANTBANNERSS(SW)
Printed Flag Double Sided	1100 x 4100	–	Made to order	GIANTBANNERDS(SW)

# Parasols

The introduction of our Classic Garden Parasol, sometimes referred to as a Pub Parasol or Beach Umbrella, marked a return of the famous Hoyland Fox brand to the UK market, a name reflecting over 175 years of dedication to the manufacture of high quality umbrella frames.

Having purchased the original Sheffield based company's patents, technology and tooling in 2008, our factory in China has married market leading frame and tilt design to state of the art production facilities.

Combined with a high specification canopy fabric and our printing expertise, the result is a unique parasol product that raises the bar in terms of quality and value for money.

We are certain that our Classic Garden Parasol is a product Samuel Fox and William Hoyland would have been proud to put their name to!

# Classic Garden Parasol

UK Design Registration No. 6083532

Our Hoyland Fox frame design offers some unique benefits:

Tough, rot and weather resistant polyester fabric canopy.

Ball and socket joint for 360 degree tilt direction – position the canopy to suit any sun angle without having to rotate the whole parasol.

Telescopic 22/25mm diameter steel pole with simple cam-clamp lever to adjust height.

No moving steel or metal parts – free of corrosion risk and moving parts not functioning properly.

Optional 20 litre white water-fillable base.

360 degree tilt direction.

- 1.8m (max open) diameter, 8k (8 rib) steel wire Hoyland Fox frame.
- 3.8mm diameter high tensile, hardened and tempered, carbon spring steel ribs and stretchers.
- Telescopic 22/25mm diameter steel pole with simple cam-clamp lever to adjust height.
- All steelwork zinc phosphate pre-treated before satin white polyester powder coating.
- Unique tilt feature offering shade wherever sun is angled.
- Sliding tilt protector (slider) locks canopy in horizontal position and stops unwanted tilting due to wind or tampering.
- 180gsm PA (acrylic) coated polyester fabric canopy – tough, rot and weather resistant.
- Vibrant printing from single colour repeat logos to one full colour design covering the whole canopy – minimum 1 year outdoor life in UK.
- Optional 20 litre white PE water-fillable base – alternatively fill with kiln-dried sand for c.25% extra weight.
- No minimum order quantity.

Top finial.

Ergonomic runner hub and release button.

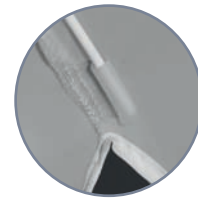

Cam-clamp lever.

Head tilt and slider.

3.8mm solid steel ribs and stretchers.

Rib tip retainer, stitching detail and valance hem.

Product	Display Area (mm)	O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code
Parasol Frame & Canopy	Diameter: 1800mm	Max: 1800 x 2200 x 1800	2.6	PARAFRAME
Parasol Base	-	440 x 150 x 440	1.26 (empty)	PARABASE

**Recyclable:** steel telescopic pole, canopy support runners

# Snapframes

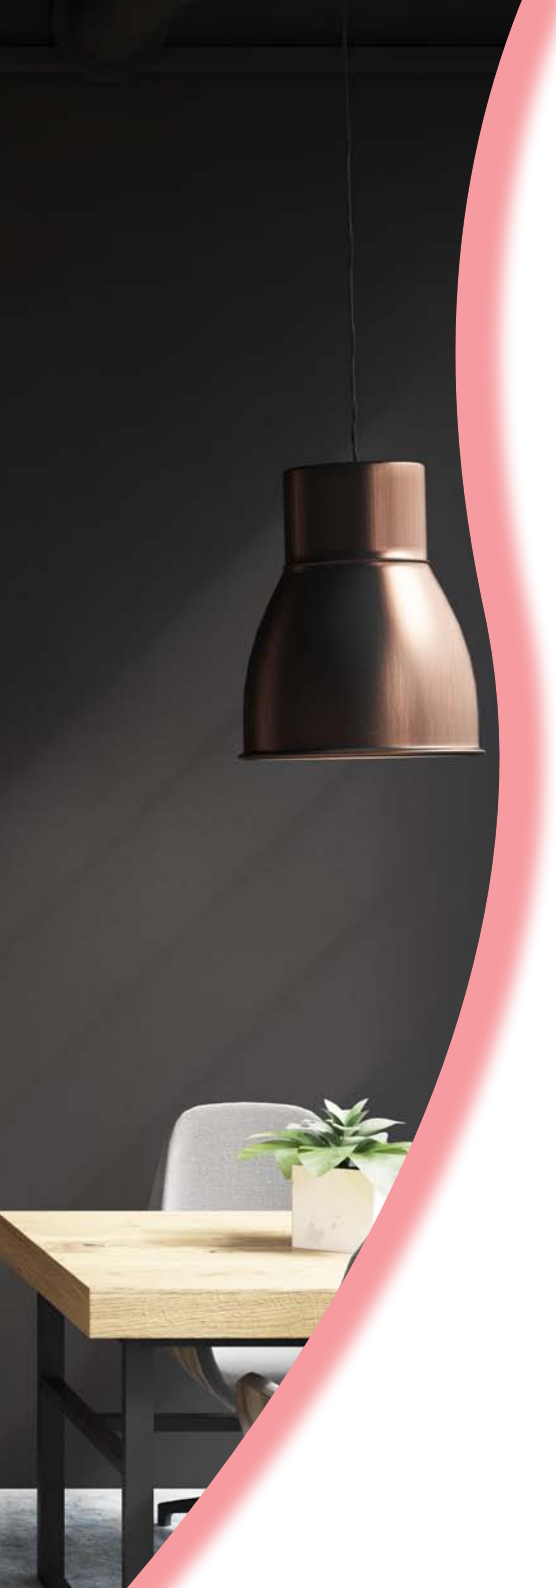

- Frameworkz
- Security
- Lockable
- Counterstand
- Minimus
- Cable Suspended

It is the extraordinary value for money, ease of use and functional simplicity of the modern Snapframe that makes it so popular with customers everywhere.

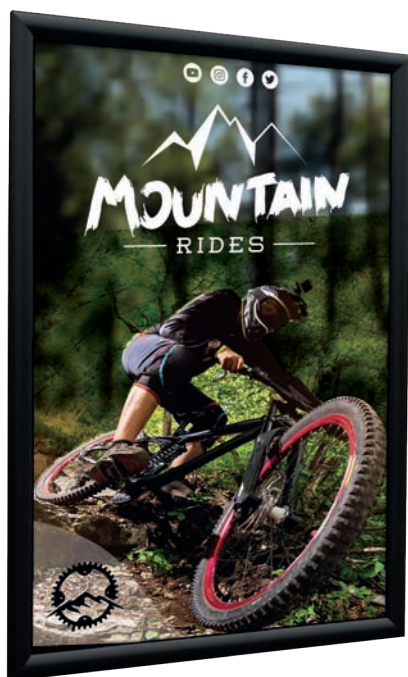

As significant developers and manufacturers of the Snapframe since laying down our first frame profile extrusion dies in 1990, we have been instrumental in bringing refinement, value engineering and supplementary patented innovation to the market, as well as offering some of the sharpest prices, widest range and largest stocks in Europe.

Our frame profiles range in width from 14mm to 50mm. There is also a choice of square (mitred) or round corners, off-the-shelf and make-to-order colours and special finishes. All are available in a wide range of common international and imperial poster sizes, and in most cases custom sizes can be manufactured to order within a matter of days.

We can do your printed posters too!

# Snapframes

Anti-glare cover sheet included.

Other colours available subject to minimum order quantity and longer lead time.

## All our Snapframes feature:

- Easy snap-open/snap-shut poster change.
- Built-in security – when closed all fixings and opening method are hidden from view.
- UV stable poster cover sheet – will not turn brown and protects poster from fade in sunlight.
- Anti-glare poster cover sheet – maintains message visibility under bright lighting.
- Pre-drilled and individually boxed with screws and wall plugs.
- Suitable for outdoor use.

Note: wider frame profiles do a better job of keeping the poster cover and poster secure in windy weather than smaller frame profiles.

## Express make-to-order service from a choice of 12 stock finishes

- No minimum order quantity.
- Fast lead times – typically, 1-10 frames (3-5 days), 11-25 frames (5-7 days).
- Custom sizes from as small as 210 x 210mm.
- Oversize frames (>1.5m<sup>2</sup>) may require collecting by customer if too large for our parcel delivery provider or for palletising.
- Choose from the following stock colours and finishes:

  
Silver anodised  
(in stock)

# Minimus

Minimalist design principles are behind Minimus, the world’s simplest and lowest cost snapframe.

- Once mounted to a smooth flat surface you wouldn’t know Minimus is missing both rear aluminium frame and back panel.
- 25mm profile silver anodised frame in 4 stock sizes: A4, A3, A2 and A1.
- UV stable anti-glare poster cover sheet.
- Supplied with 4 screws/plugs and alternative self-adhesive pads for wall mounting.
- If used outdoors, laminated posters are recommended.

An environmentally conscious snapframe solution!

Fix in place.

Insert poster and cover sheet.

Close the sides.

Patented corner mouldings with high tension serrated springs ensure strong grip on the poster.

  Fully Recyclable

Poster Size	Display Area (mm)	O/A Dimensions (w x h mm)	Weight (kg)	Order Code
A4	200 x 285	250 x 335	0.14	MINIMUSA4
A3	283 x 407	334 x 457	0.19	MINIMUSA3
A2	406 x 580	458 x 630	0.33	MINIMUSA2
A1	582 x 828	633 x 880	0.42	MINIMUSA1

# Security Snapframes

Virtually impossible to open by hand.

- Easily opened by our hand-held opening tool (sold separately).
- Available in 2 profile sizes (25mm and 42mm).
- Supplied with anti-glare poster cover sheet for clear poster display.
- Pre-drilled and individually boxed with screws and wall plugs.
- Increased frame tension in Security frames can offer improved resistance to poster cover loss in windy situations.
- Silver anodised finish as standard – 25mm profile available in almost any RAL colour through our bespoke snapframe service.
- Ideal for schools, colleges and spaces at risk of unwanted tampering.

A1	594 x 841	624 x 871	2.6	Made to order	SNDSA125SA

# Frameworkz

Unlike any other poster frames available, Frameworkz Snapframes can be digitally printed with almost any design.

From logos and text to images and patterns, the choice is yours and the opportunities are truly endless.

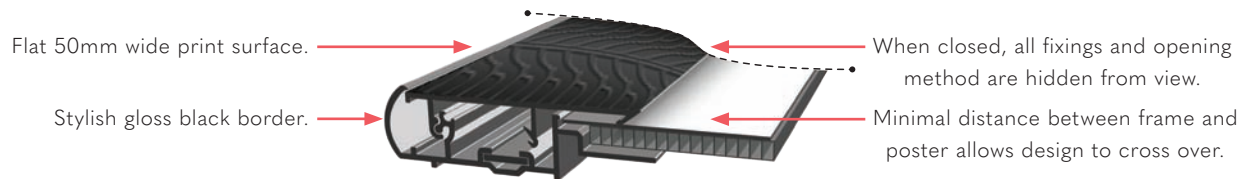

- Front opening aluminium snapframes for quick and easy poster change.
- Suitable for external use (2-3 years in temperate climates).
- Minimal distance between frame and poster allows design to cross over.
- Anti-glare 500 micron PET poster cover sheet as standard or optional 750 micron gloss clear polycarbonate at additional cost.
- Pre-drilled for wall mounting.
- Available in any frame size from A3 to 40" x 60".
- Made to order (no minimum order quantity).

 **Recyclable:** aluminium frames, PET poster cover sheet, mechanical fixings

Poster Size	Display Area (mm)	O/A Dimensions (w x h mm)	Profile Depth (mm)
Any size from A3 to 40" x 60"	Poster -31.5	Poster +79	15

Due to frame cutting and artwork tolerances of +/- 1mm, a visible step across the mitred corners is sometimes unavoidable. Designs featuring straight lines across the corners will be particularly prone to this.

# Wall Mounted Information Displays

There is universal demand for combination Information Boards, bringing poster display and leaflet holders together, presented in a flexible, easy to use and professional way to inform or advertise to customers.

Used to display product information, staff information, membership information, company news, community news or in-store bulletins, in reception areas, doctors surgeries, hospitals, schools, colleges, cinemas, tourist offices, health clubs and showrooms – the list could go on.

All will have different combination and branding requirements, which is why our high quality Wall Mounted Information Displays offer is hugely customisable, with print if required, and subject to no minimum order quantity.

# Wall Mounted Information Displays

Highly customisable to suit your needs.

Fully Recyclable

Our high-quality offer is based on a choice of 3 back panel materials with a set of stainless steel stand-off fixings:

- **5mm Clear Acrylic** – plus clear acrylic poster holders and/or clear injection moulded styrene brochure holders.
- **5mm Frosted Acrylic** – plus clear acrylic poster holders and/or clear injection moulded styrene brochure holders.
- **3mm Satin White Aluminium Composite (ACM)** – plus silver anodised Minimus snapframe poster holders and/or clear injection moulded styrene brochure holders.
- Displays are individually packed with poster frames pre-fitted and brochure holders packed separately for fitting on site (to avoid damage).
- Panels are pre-drilled for both brochure holder attachment and stand-off wall fixings.
- Simple and secure coordinated screw fasteners for brochure holders.
- Branding areas if required for direct to surface print or vinyl graphics.
- Poster holder options – A4, A3, A2 and A1.
- Brochure holder options – 1/3 A4, A5 and A4.
- Made to order (no minimum order quantity).

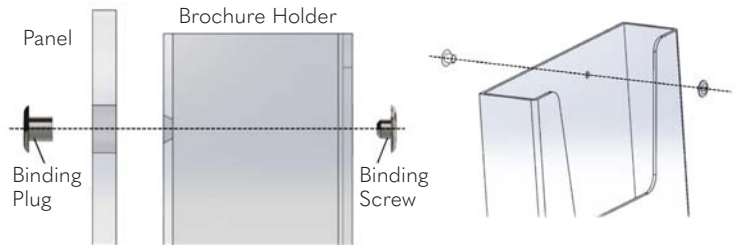

Stainless Steel stand-off mounts.

Secure screw fasteners for literature pockets.

## Literature Pocket Fixing Guidance

Fastener mounting – literature holders can be replaced individually if required

Individually select elements to create your perfect Wall Mounted Information Display.

Choose your back panel material:

3mm satin white aluminium composite (ACM)

5mm clear acrylic

5mm frosted acrylic

Would you like any print on the back panel?

Header and/or footer area.

Print available anywhere on the back panel.

Choose your size and quantity of poster holders:

For Aluminium Composite Material back panels:

A4, A3, A2 or A1  
Minimus Snapframes.

For Clear/Frosted Acrylic back panels:

A4, A3, A2 or A1  
Acrylic Poster Holders.

Choose your size and quantity of brochure holders:

1/3 A4

# Poster Display

- Slimlok Poster Case
- Poster Hanger
- Hi-Sight
- Slimlok Menu Case
- Poster Pillar
- Headliner

A selection of non-illuminated frames, stands and suspension rails to satisfy a wide range of poster presentation needs.

It includes our market leading range of Slimlok security display cases, including the Slimlok Menu Case in a range of flexible sizes to suit the hospitality sector.

The innovative Headliner and Headlinerlite offer the perfect solution to professional window mounted poster presentation.

The popular Poster Pillar provides a no nonsense solution for eye-catching interior free-standing poster display.

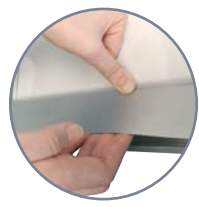

# Hi-Sight

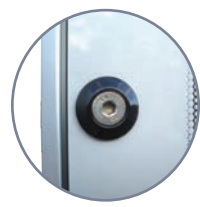

Thanks to its unique pull down poster cartridge, the Hi-Sight has many advantages over traditional poster frames.

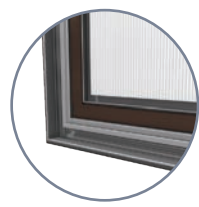

- Can be mounted up to 3 times higher than a regular frame.
- Poster change is quicker, easier and safer - no need to stretch or use ladders.
- Reduced risk of tampering and vandalism.
- Hard wearing aluminium frame.
- Fixed polycarbonate cover with magnetic seals, virtually no risk of poster loss.
- Excellent weather resistance.
- Hidden pre-drilled holes, ready for wall mounting.
- Available with custom coloured borders (no minimum order quantity).

Apply finger pressure just above border and lift.

Poster cover security fixings.

Internal frame detail.

Ideal for out of town retailers. Hi-Sight maximises visibility of store front promotions – vital in the drive for greater awareness and increased sales.

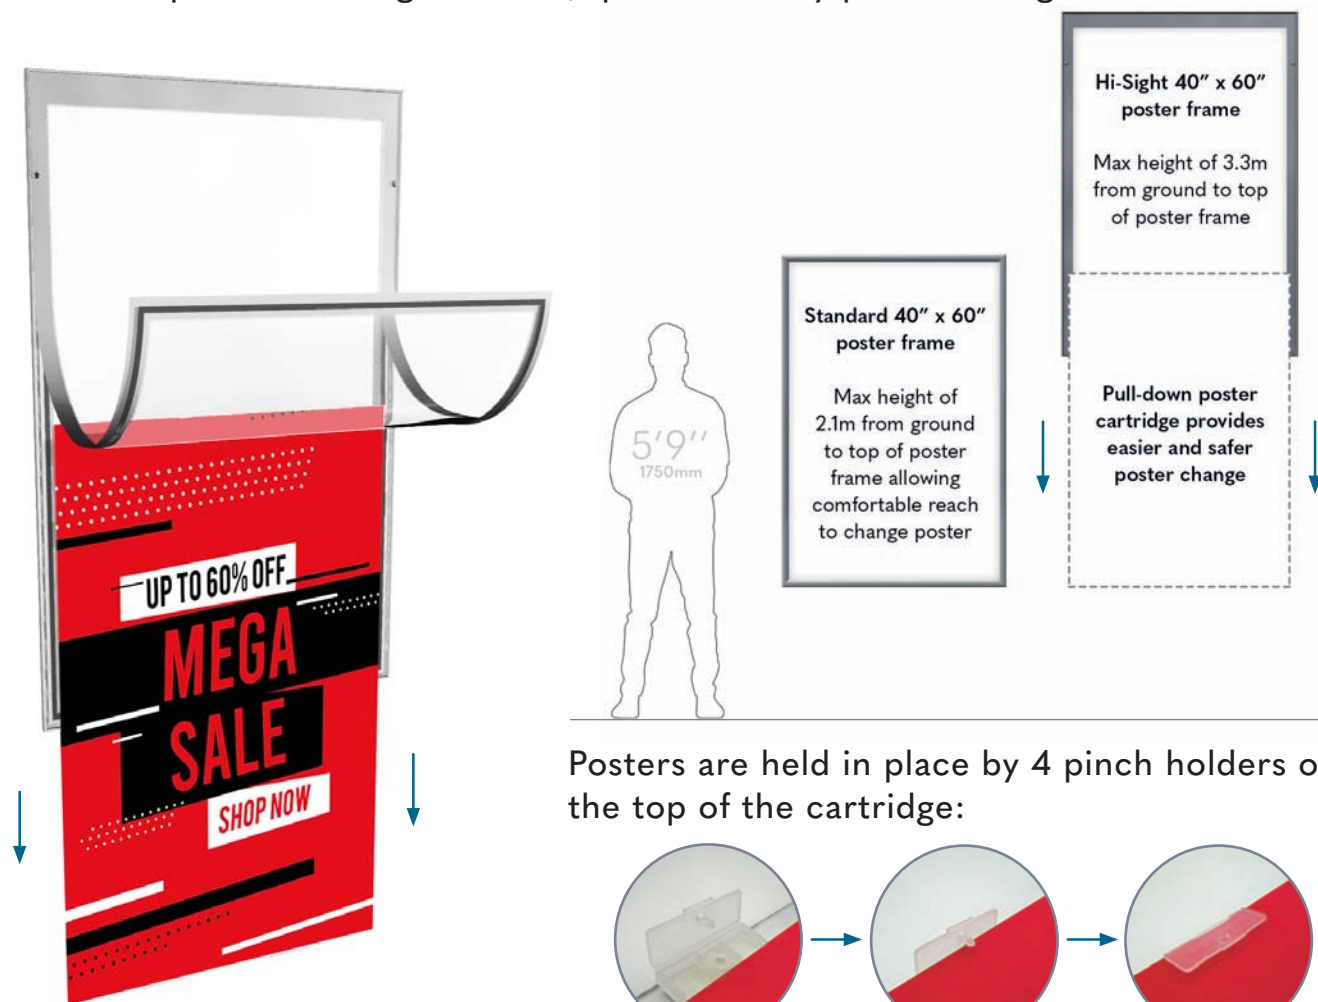

Traditional frames – low visibility.

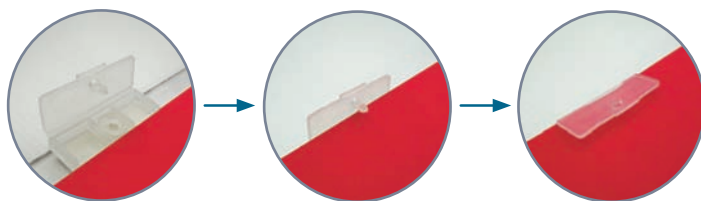

Hi-Sight – high visibility!

Pull down poster cartridge for safe, quick and easy poster change.

Posters are held in place by 4 pinch holders on the top of the cartridge:

Open poster-pinch mounts to add or change posters.

Place poster within poster-pinch opening.

Close poster-pinch mounts to pierce and grip poster.

 **Recyclable:** aluminium frames, polycarbonate poster cover

# Lightboxes and Illuminated Displays

- Edgelit LED Poster Frames (indoor)
- D-Light
- Slimlok Menu Case
- Edgelit LED Poster Frames (outdoor)
- Freelight Plus
- Hi-Light Menu Stand

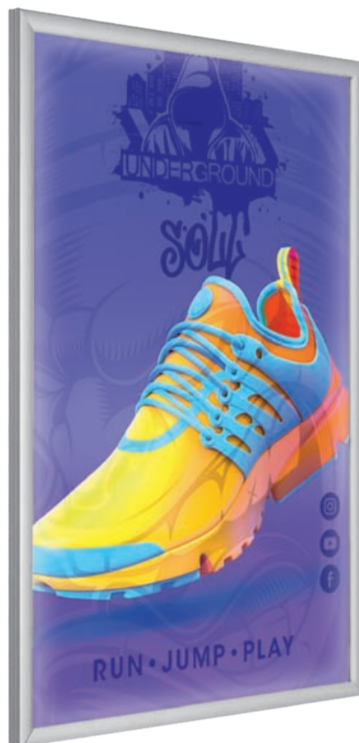

Illumination adds sophistication to a display as well as 24 hour visibility and increased 'stand-out'. This is particularly beneficial in poorly lit areas and during gloomier months of the year.

Our illuminated frames and displays provide cost-effective day and night presentation for interchangeable posters, transparencies, notices, information and menus. A must for any business looking to attract the attention of passing trade where ambient lighting is lacking.

The majority of displays use environmentally friendly 12V LED lighting. There is not only the benefit of long life and low maintenance, low voltage supply also brings with it safety and the associated benefits – a qualified electrician is not required to install.

# Edgelit XT

Stylish low-profile illuminated poster frame for interior use.

 **Recyclable:** aluminium snapframe perimeter frame, PET poster cover, acrylic light panel

2 x 2m wire cable hanging kit supplied with each double-sided Edgelit XT.

3m extension cable available (page 209).

Built-in on/off switch.

- Specially treated acrylic panel provides strong, even illumination.
- Front opening 25mm profile silver anodised aluminium snapframes for quick and easy poster change.
- 2.5m long power cable with 3-pin plug.
- Anti-glare PET poster covers ensures clarity of message.
- Slim, elegant design: single sided units only 19mm deep.
- Osram LEDs emitting 6500K daylight colour temperature.
- CE certificate supplied with each unit.
- Custom sizes\* and colours available made to order (no minimum order quantity).

# X-Banner

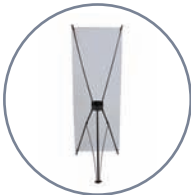

Low cost, high impact, eyeleted banner display - now in 2 sizes.

- Simple fold away design - no tools required.
- For 600 x 1600mm or 1200 x 2000mm eyeleted banners. Front-Lit materials are recommended.
- Banners simply hook into place – quick and easy to remove and replace.
- Carbon fibre top poles provide excellent tension and stability, ensuring banners do not sag over time.
- Black canvas carry bag included (extra durable black carry case also available – see page 211).
- Banner printing service available (no minimum order quantity).
- Large X-Banner designed to sit side-by-side to form an impressive, easy to transport and very cost effective graphic backdrop.

Side view.

Rear view.

Simply hook eyeleted banner onto frame.

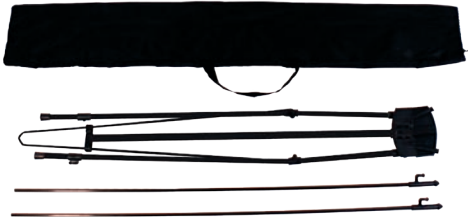

Recyclable: aluminium legs, steel leg stay

Instruction Video

Black canvas carry bag included as standard.

# Quick Banner

Discrete, compact and lightweight banner display.

Double sided.

**Recyclable:**  
aluminium clamp  
rails, pole and base,  
steel fasteners,  
optional PVC banner

Clamp rails make installing  
and removing banners  
quick and easy.

Single sided front  
and back view.

Double sided.

- Top and bottom aluminium clamp rails make installing and updating banners quick and easy.
- Double sided units with adjustable pole for final tensioning.
- 2m fixed banner height.
- Buy hardware only or complete with digitally printed 220 micron opaque matt white rigid PVC banner(s), (no minimum order quantity).
- Lightweight carry bag included with each unit.
- Durable black carry cases also available separately (see page 211).

## Banner Materials:

- We recommend opaque matt white materials, such as 220 micron PVC or 125-150 micron polyester films for optimum print results and dimensional stability.

## Double Sided

# Budget Roll-Up Banner

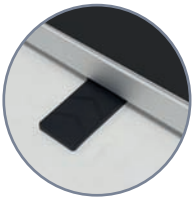

The budget roll-up that has it all - style and performance at a super low price.

- 4 stock sizes - 600, 800, 850 and 1000mm banner widths.
- Soft styling - no sharp edges.
- Non-adjustable fixed height pole.
- Top clamp rail and bottom adhesive strip makes banner installation and update a simple process.
- Silver anodised aluminium case and top rail with moulded black fittings and fold-out foot.
- Complete with lightweight black carry case and full instructions.
- Buy hardware only or complete with digitally printed 220 micron opaque matt white rigid PVC banner (no minimum order quantity).
- 6 pack option for an even lower price.

### Banner Materials:

- We recommend smooth surface, lightweight rigid roll materials, such as 125 micron grey back polyester or 220 micron matt opaque PVC.
- Do not use materials more than 300 micron thick.

Black centralised folding foot.

Top-hat pole/top rail connection.

Complete with lightweight black carry case.

Black moulded end cap detail and stabilisers.

**Recyclable:** aluminium cassette, sectional pole, steel retractor spring, moulded end cap and stabilisers

Instruction Video

Banner Size (mm)	Display Area (mm)	O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code (Single Unit)	Order Code (Pack of 6)

# Budget Banner Connectors

Innovative accessory kit to create a double-sided Budget Roll-Up Banner.

- Connects two budget banners together easily and securely back to back to create a double sided banner display.
- The specially designed connector grippers slide into the cassette of the banner, then simply twist the handles to secure the connector to the units.
- Secure the two poles of the banner at the top by sliding the connecting joist over the pole caps.

Top connector slides over pole caps.

Easily connect two banners together, back to back.

Order Code

RBDSC

Instruction Video

# Eco Roll-Up Banner

A more traditional low-cost roll-up option with twin fold-out feet.

- 2 stock sizes - 800 and 850mm banner widths.
- Non-adjustable fixed height pole.
- Self-adhesive strips at top and bottom for easy banner installation.
- Silver anodised aluminium case, top rail, pole and folding feet.
- Complete with black padded carry case and full instructions.
- Buy hardware only or complete with digitally printed 220 micron opaque matt white rigid PVC banner (no minimum order quantity).

### Banner Materials:

- We recommend smooth surface, lightweight rigid roll materials, such as 125 micron grey back polyester or 220 micron matt opaque PVC.
- Flexible, reinforced PVC banner materials have a textured surface and/or incorporate polymers which can react with adhesive tape so should be avoided.
- Do not use materials more than 300 micron thick.

Adhesive top rail bonds to rear top edge of banner.

Top-hat pole/top rail connection.

Black padded carry case included with each unit.

**Recyclable:** aluminium cassette, top rail, folding feet, steel retractor spring

**Please note:**  
The Eco Roll-Up Banner is designed and built to a market-leading price and the savings derived from the use of lightweight materials and high speed assembly methods to achieve this can result in minor marks or irregularities in the product finish.

Banner Size (mm)	Display Area (mm)	O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code (Single Unit)	Order Code (Pack of 6)
800 x 2000	800 x 1985	820 x 2050 x 365	3	ERB800(1)	ERB800(6)
850 x 2000	850 x 1985	870 x 2050 x 365	3.1	ERB850(1)	ERB850(6)

# Rollsby

For all round value, premium roll-ups don't come any better than this.

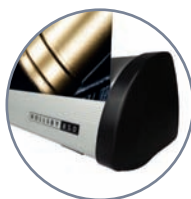

Premium padded carry case included with each unit, featuring separate pocket for pole and adjustable handle/shoulder strap.

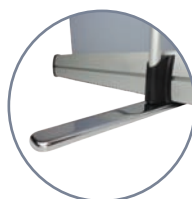

- Single sided premium roll-up for interchangeable banners.
- 2 popular stock sizes - 800 and 850mm banner widths.
- Top clamp rail and bottom velcro strip makes banner installation and update a simple process.
- Two spare self-adhesive velcro strips supplied with each unit for future banner updates.
- Telescopic pole for 1550 – 1990mm height adjustment.
- Stylish silver anodised aluminium casing with black end caps and pole fittings – tough and hard wearing.
- Central stylised chrome foot.
- Premium padded carry case included with adjustable carry strap.
- Buy hardware only or complete with digitally printed 220 micron opaque matt white rigid PVC banner (no minimum order quantity).

## Banner Materials:

- We recommend smooth surface, lightweight rigid roll materials, such as 125 micron grey back polyester or 220 micron matt opaque PVC.
- Do not use materials more than 300 micron thick.

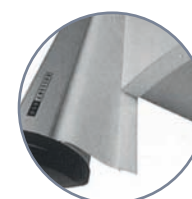

Hard wearing/protective end caps.

Stylish chrome foot.

Top clamp rail includes black push-fit end caps.

Velcro banner installation.

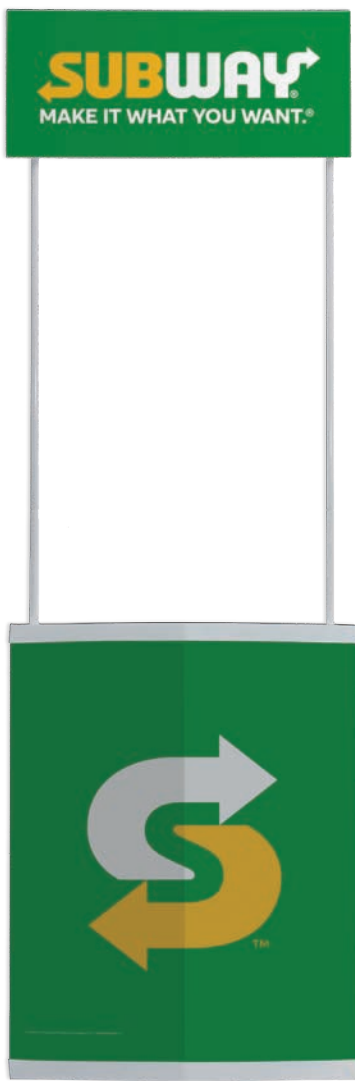

**Recyclable:** aluminium canister and pole, steel retractor spring, ABS end caps

### Red Velvet

THESE ARE THE ABSOLUTE BEST RED VELVET CUPCAKES! A GORGEOUS RED COLOR, MOIST AND FLUFFY, AND TOPPED WITH A LUSCIOUS CREAM CHEESE FROSTING.

### Ultimate Chocolate

A MOIST CHOCOLATE CUPCAKE RECIPE MADE FROM SCRATCH WITH A CHOCOLATE GANACHE CENTER AND DREAMY CHOCOLATE FROSTING.

# Chalkboards & Accessories

- Chalk Pens
- Wall Chalkboards
- A-Boards
- Chalk Insert Panels
- Counter/Table Top
- Slatted Boards

Chalkboards are a traditional point of sale marketing tool that remain hugely popular. They are a great way of promoting short term offers and promotions whilst adding a sense of warmth, personality and fun.

We have a chalkboard for every situation, indoors and out, including Woodworkz®, our new range of joinery-quality real wood A-boards.

The hard wearing High Pressure Laminate (HPL) chalkboard sheet material that is used in the majority of the products is stocked in large quantities in a range of thicknesses. Specialist cutting equipment allows boards to be cut to virtually any shape and size complete with holes for wall fixing if required. Branding via a specialist print process is optional throughout the range.

Combined with the modern benefits of Liquid Chalk Pens, Chalkboards offer traditional marketing charm with instant message change flexibility, making them perfect for menus and promotions in pubs, restaurants, cafes and other hospitality venues.

# Our Chalkboard Panels

The last thing customers want is a chalkboard that requires repainting regularly and warps and disintegrates if used outdoors. Sadly there are too many inferior products on the market that do just that – even when advertised for outdoor use!

### Our high-quality board materials:

- Are maintenance-free and never need repainting.
- Are easy to clean with water and household cleaner.
- Have a weather and scratch resistant anti-glare surface.
- Are suitable for use with traditional chalk\* or Liquid Chalk Pens.
- Can be direct to surface printed.

\*Not suitable on our plastic Chalk Inserts – for chalk pens only.

The specially formulated melamine surface on our premium laminate materials means your chalkboards stay looking new for longer.

 Made to order

## Liquid Chalk Pens

- Pens are rainproof after just 1 hour yet erasable with a damp cloth.
- **Top tip** - Mr Muscle window is an excellent chalkpen cleaner.
- Assorted pack contains: red, green, white, yellow and blue.
- Superior colour vibrancy and outdoor durability shown from our independent outdoor tests.

 In Stock

# Slatted Chain Board

The Slatted Chain Board's unique design allows individual panels to be removed without interfering with the rest of the display.

- Wall-mounted, suspended, single sided, double sided, whole or part reversible, this slatted chalkboard design is brilliant yet simple.
- High Pressure Laminate chalkboard panels, suitable for traditional chalk or Liquid Chalk Pens (see page 166).
- 6x 3mm thick slats, each with 500 x 83mm writing area.
- Fully reversible or choose to reverse individual slats only.
- Overall size: 550 x 935mm (header 210mm deep at centre).
- Header and footer panels ideal for permanent branding.
- Made to order plain or printed (no minimum order quantity).

Wall mounted  
single-sided option.

Perfect for  
double-sided hanging  
or window suspended  
display.

Individually  
reversible slats.

Made to order

Recyclable: steel chains

# Slatted Magnetic Board

Remove and re-arrange magnetic slats in seconds.

- Single sided slatted board with option to reverse and use as a stand-alone shaped chalk board.
- High Pressure Laminate chalkboard panels, suitable for traditional chalk or Liquid Chalk Pens (see page 166).
- 6x 2mm thick slats, each with 500 x 85mm writing area.
- 3mm back panel provides header and footer space for additional message/branding.
- Overall size: 500 x 800mm.
- Made to order plain or printed (no minimum order quantity).

Reverse for single chalkboard display.

Individual magnetic slats.

Made to order

# Gripchalkers

Table top chalkboards featuring our spring powered Grip-Action Bases.

Recyclable: aluminium base, steel springs

## HPL Chalkboard Panels

- 3mm High Pressure Laminate with round tops as standard.
- Suitable for traditional chalk and Liquid Chalk Pens (see page 166).
- Square top and custom shapes available with optional handle cut-outs (no minimum order quantity).
- Direct to surface print available (no minimum order quantity).

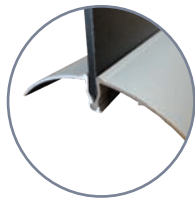

## Bases

- Aluminium with silver anodised finish as standard.
- Spring powered grip-action - simply open by hand, insert panel and release.
- Suitable for self-adhesive vinyl, polydome stickers or pad-printed graphics.
- Maximum pad-printed height: 14mm (minimum order quantity 50).
- Custom sizes and colours available to order (no minimum order quantity).
- These bases are suitable for almost any rigid sheet material between 1-4mm thick. E.g. acrylic, PVC, PET and foam PVC.
- Bases can be purchased separately - see page 182.

Reception

# Sign Holders

- Stand-Off Sign Fixings
- Grip-Action Bases
- Pivot Grippers
- Premier A-Board Frame
- i-Stand

A supplementary category of fixings, frames and holders to support your own rigid sign and graphic panels.

It includes our competitively priced Stand-Off Sign Fixings, in two sizes and four finishes, that will add prestige to any wall mounted panel sign.

There is also our popular Premier A-Board sign frame ready to take your own slide-in panels and the stylish i-Stand for multi-use interior display.

# Stand-Off Sign Fixings

Add an architectural finish to any wall mounted sign panel.

As well as providing an attractive stand-off feature for any sign panel material, these fixings will accommodate an uneven wall surface, which could include any texture or render present on brick or stone wall.

- Allows air to move freely across both the front and rear of the sign panel.
- Eliminates condensation or dirt build-up from behind, essential for clear sign materials, ensuring the message is always visible.
- No apparent screw heads, concealed mounting method acts as an effective tamper deterrent.
- Holds sign panel thicknesses from 2mm to 12mm.
- Supplied in pairs in protective polythene enclosures.
- Screws and wall plugs are not included (since no two surfaces are ever the same, fixings should be selected to suit).
- Use 321 grade Stainless Steel stand-offs for long life outdoors.

## 13mm diameter

# Premier A-Board Frame

Take the leg work out of sign making.

Simple slide-in panel design.

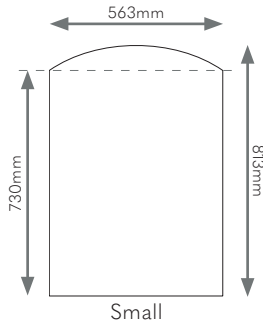

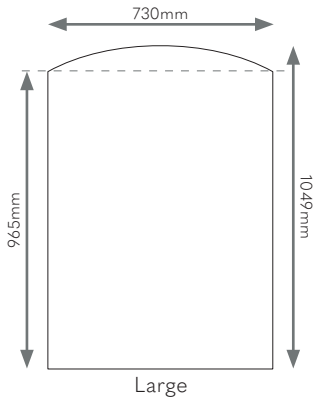

Other colours available made to order.

- These frames offer excellent outdoor life thanks to their all-steel construction in satin black polyester powder coated finish.
- Available in two sizes (small and large).
- Fully assembled ready for your slide-in panels.
- Will accept various panel materials up to 5mm thick.
- The slide-in design means panels are reversible, offering twice as much promotional opportunity.
- Possible panel materials include: Aluminium Composite Material, Foam PVC, Acrylic and High Pressure Laminate.
- Hardwearing rubber hinges provide self-levelling benefit for stability on uneven surfaces and a comfortable hand hold when carrying.
- Other colours available made to order (minimum order quantity 25).
- High pressure chalkboard laminate, aluminium composite (ACM) or Foam PVC panels can be purchased with the frame or separately (see page 24).

Recyclable: steel frame, steel stays

## Your panel dimensions

Size	O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code
Small	674 x 920 x 600	8	METALFRAMEASSYSMCH
Large	843 x 1184 x 705	11.5	METALFRAMEASSYLGRCH

Stylish locking side arm on both sides.

Hardwearing rubber hinges.

# i-Stand

The stylish and minimalist interior floor-stand for a choice of graphic panel solutions.

- Supplied with an A4 clear acrylic poster holder but can hold any rigid panel material up to 4mm thick.
- Simple screw clamp holder grips panel – tamper resistant.
- Black slim-line sectional pole offers three height options.
- High stability solid steel base plinth.
- Rubber foot pads protect floor surfaces.
- Simple Allen key assembly and panel fix (Allen key supplied).

A4 clear acrylic poster holder included.

Screw clamp holder secures panel.

Rubber foot pads to protect floor surface.

O/A Dimensions (w x h x d mm)	Weight (kg)	Order Code
330 x 1510 x 330	3	PDSA4B

**Recyclable:** aluminium pole and boss, steel base, acrylic poster holder

# Grip-Action Bases

Spring powered bases – open by hand, insert panel and release.

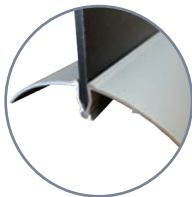

- Aluminium with silver anodised finish as standard.
- Spring powered grip-action – simply open by hand, insert sleeve and release.
- Holds almost any rigid materials up to 4mm thick.
- Can be branded using self adhesive vinyl, polydome 3D stickers or pad printed graphics.
- Maximum pad print height 14mm (minimum order quantity 50).
- Available in custom sizes, colours and finishes made to order (minimum order quantity 100).
- Take a look at our GripChalkers (see page 172) and GripTalkers (see page 148) for base and panel finished product options.

   Fully Recyclable

Simply grip the base open and insert the panel material.

Powerful grip-action.

Size	Base Dimensions (w x h x d mm)	Weight (kg)	Order Code
1/3 A4 (DL)	100 x 18 x 84	0.5	SWBASE1/3A4

# Pivot Grippers

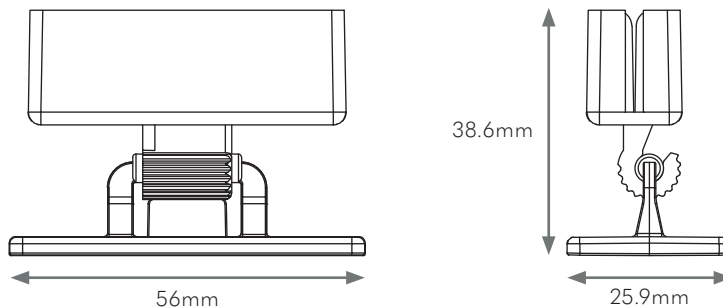

Showcard mounting – ideal for chillers, product displays, shelving gondolas and counters.

- Simply stick to any smooth surface, insert your promotional material and angle as desired.
- Creates a show card position on any horizontal or vertical mounting surface.
- Clear polycarbonate design ensures nothing spoils the view of your showcard or product information.
- Accepts card and other sheet materials between 0.8 and 2mm thick.
- Strong 3M self adhesive mounting pad sticks reliably to varied smooth surfaces.
- Adjusts 190 degrees through 10 positions for the very best display angle.
- For a complete solution we would be delighted to quote for your printed showcards too!
- Sold in packs of 20.

190 degree range of display angles.

Recyclable:  
polycarbonate

# Showcard Stands

Low cost double-sided indoor floor stand for quick change promotional offers or as a 'bus stop' information sign.

A3 Tall Portrait

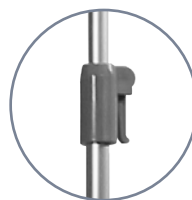

A4 Short Landscape

- Showcard frame in A4 & A3 sizes in 5 stock colours plus clear.
- Portrait or landscape format.
- Tall and short pole options, each offering telescopic variable height.
- Low profile off-set grey steel base, suitable for sliding under pallets, dumpbins, case stackers, shelving fixtures, etc.
- Optional anti-glare clear PVC sleeve protector for paper posters.
- Suitable for any lightweight display material up to 2mm thick.
- Minimum order quantity 10.

6 stock colour frame options in 2 sizes.

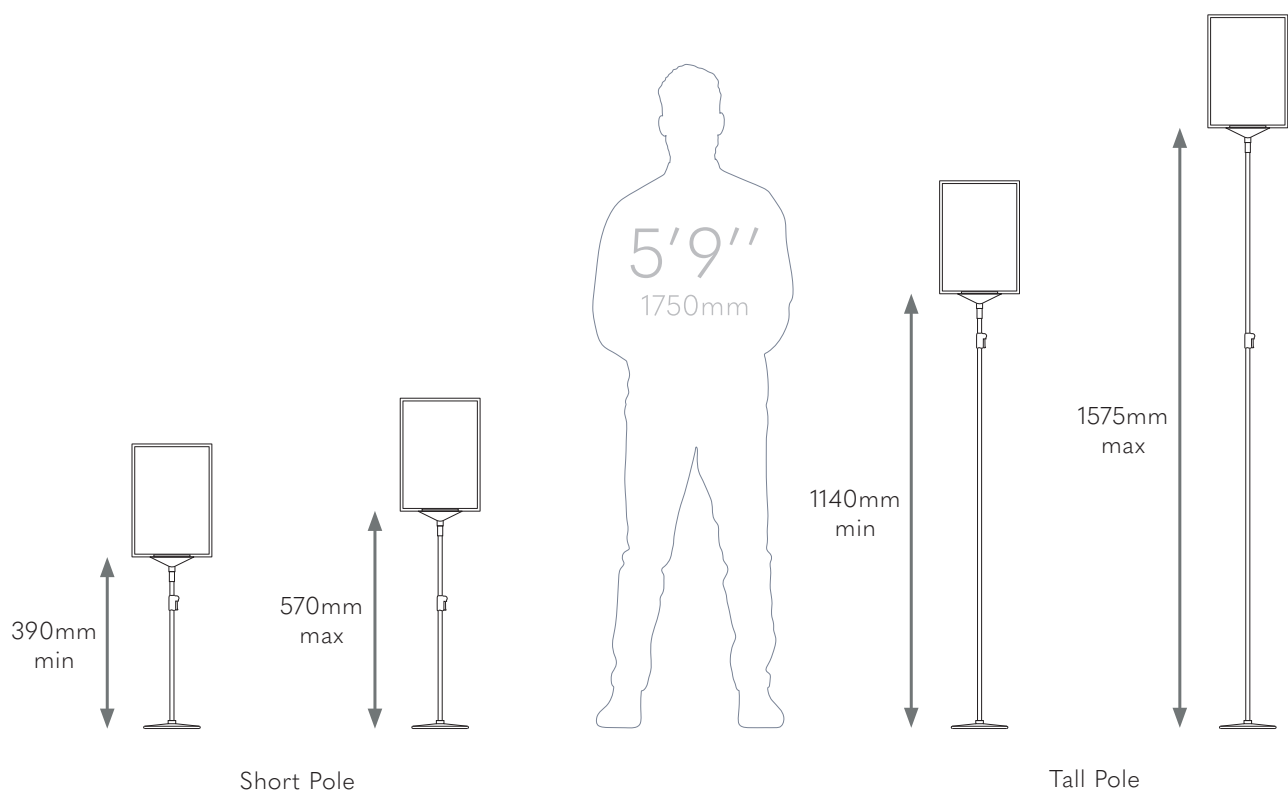

Telescopic pole in 2 sizes.

Simple slide in graphic.

**Recyclable:** steel base, frame, T-clip, aluminium pole, pole adjustment clips

# Print Services & Print Based Products

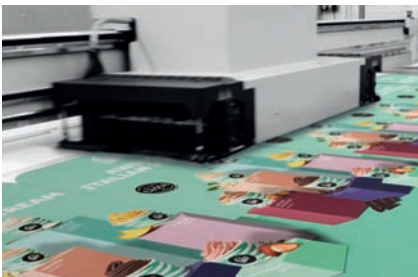

- Our Print Service
- Bar Runners
- PVC Banners
- Dealer/Stockist Signs
- Open/Closed Signs
- Brand Blocks

Printed advertising materials are as relevant in today's fragmented digital marketing arena than ever. Whether on the printed page or a shop front sign, banner or window sticker, print is reassuring, tangible, credible and engaging, and remains an excellent way to establish and reinforce your brand.

When it comes to applying this to point of sale, events or exhibition graphics, and in particular to longer life outdoor-durable applications, we are masters at the art.

In addition to the branding that is applied to the majority of the products in this brochure, the following pages illustrate a selection of popular print based products. From an A4 paper poster for displaying in one of our menu holders, to a 20m long eyeleted outdoor banner, our approach is the same, to deliver stunning print output at an affordable price.

# Digital Printing

## Some of the benefits of digital print:

- Full-colour photographic images
- High definition close-up viewing
- Multiple/variable designs in a run
- One-off's/short runs and sampling
- Printing onto uneven/textured surfaces

Digital printing offers faster turn-around and lower cost than screen on smaller runs because set-up times are minimal. Your digital artwork files once checked are ripped to one of our flat-bed or roll-fed printers which print all colours in a single pass. We control output definition and ink percentage depending on intended use or viewing distance.

Our state of the art flat-bed printers are able to offer a variety of finishes including spot varnish. For further details talk to our sales team.

It is very common for us to print a mixture of digital and screen processes to optimise the result and to produce the perfect reproduction of a customer's artwork. Digital is added for full colour elements and screen to add spot Pantone colours and/or varnish.

# Screen Printing

## Some of the benefits of screen print:

- Precise Pantone or spot colour matching.
- Bold, vibrant colours and text due to thicker ink deposits.
- Simple spot or line colour designs.
- Extended outdoor life.
- Adding varnish to screen or digital prints to enrich colour, add gloss and increase protection.

Screen is not suited to short runs. Artwork has to be colour separated from which a separate film and screen stencil is produced resulting in what can be prohibitive origination/set-up costs.

We manage artwork files and colour separations in-house and produce our own films and screens which keeps costs to a minimum.

# Dye-Sublimation

## Textile & fabric printing

Unlike other printing techniques that layer ink onto a surface, dye-sublimation forces the ink to penetrate into the material by use of heat - a heat fixation process. It is used widely and especially for textiles (soft signage) to produce flags, banners and retail/exhibition graphics.

### Benefits of dye sublimation:

- Highly scuff resistant as a result of being fixed into the media.
- Produces graphics on textiles that can be washed and folded without fear of damage.
- On thinner fabrics it produces excellent show-through. Although a mirror image on the reverse it is ideal for the likes of double-sided Flying Banners, producing a colour vibrancy on the rear that can be impossible to distinguish from the front.

# Varnish Over-Print

Although varnish is not essential, we sometimes recommend it for signage intended for outdoor use. As digital print is naturally matt, the finish is more inclined to attract dirt which can dull the image.

### Benefits of varnish include:

- Enriched colour vibrancy and depth.
- Added protection from dirt and atmospheric pollution.
- Will help to repel dirt and keep the print looking brighter longer.
- Improved scuff and scratch resistance.
- Improved resistance to chemicals and solvents.
- Adds gloss.

# Printed Posters

We offer a competitive, fast turnaround printed poster service on quantities from one!

- Premium matt white 185mic/155gsm polypropylene poster film.
- Competitively priced outdoor poster solution.
- Waterproof, tear resistant and highly durable.
- Ideal for indoor and minimum 3 - 6 month outdoor use.
- Exceptional print quality.
- All common poster sizes available.
- No minimum order quantity.

For a small additional cost posters can be preloaded in your sign or poster frame prior to despatch. Please call our sales team for more information.

# Feature Floor Mat

Floor advertising – the great untapped opportunity!

Fully Recyclable

- The floor is a great place to grab attention in shops, showrooms, receptions and events.
- Stunning print and colour reproduction.
- Feature Floor Mats can be tactically placed by chillers, counters, product displays or entrances.
- 100% polyester on a non-slip rubber backing.
- Hard wearing with safe low-profile edges.
- Simply drop into position – no adhesive required.
- Bespoke sizes available up to 3800mm x 1500mm.
- No minimum order quantity.
- 100% recyclable.

Dimensions include  
20mm black  
low-profile border.

Washable

## Bar Runners

Prime positioning for brands at the point of purchase.

Fully Recyclable

- A premium Bar Runner with highly absorbent knitted polyester textile display surface on a lay-flat rubber backing.
- Stunning definition and colour reproduction.
- Easy to clean – wipeable and washable at 30°C.
- Protects counter-tops.
- 100% recyclable
- Minimum order quantity: 5
- Custom size/shapes possible subject to minimum order quantities.

### Standard Sizes

600 x 190

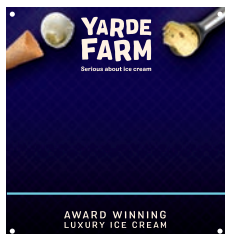

434 x 234

894 x 244

Dimensions include  
12mm black low-profile  
border.

# Dealer/Stockist Signs

Permanent brand presence at dealers and stockists.

Recyclable:  
Panel material dependant

Permanent brand signage at a stockist or dealers premises is a win-win, free advertising for the brand whilst the 'premium' brand endorsement will draw customers to the stockist. Long lasting, bold, vibrant print is the order of the day and that's our business!

- Premium options in aluminium, acrylic, polycarbonate or ACM.
- Screen print option and or/varnish over-print for extended outdoor life.
- Can be any size or shape pre-drilled for wall fixing.
- Stand-off fixing option for added prestige.
- Low-cost shorter outdoor life options in foam PVC or polypropylene ('Correx') - ideal for estate agent boards.
- No minimum order quantity.

## Stickers, Labels & Window Graphics

Made to measure stickers and decals that stand out.

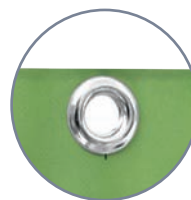

Made to order

- Self-adhesive or static-cling messaging or promotion on any smooth flat surface.
- All sizes and shapes.
- Long-life, indoor/outdoor, permanent/removable, tamper-resistant, clear/frosted..... the options are endless.
- We also offer security/one-way vision window graphics.
- No minimum order quantity.

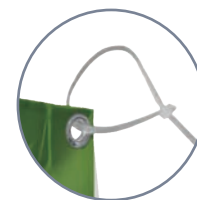

# PVC Banner

Semi-permanent large format outdoor promotion.

Silver finish metal eyelets.

All banners supplied with tie-wraps.

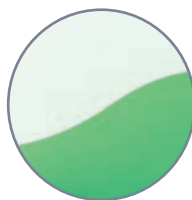

- Any size up to 20m x 3m.
- Choice of 3 stock materials including a light-block for double-sided print.
- Folded welded hems provide a double strength perimeter for optimal wind load/tear resistance.
- Corrosion-free metal eyelets.
- Supplied with 300mm translucent white nylon cable ties- extremely secure, quick and easy to use to achieve the best banner appearance.
- Individually poly-bagged for protection during distribution.
- No minimum order quantity.
- See our Banner Frames on pages 46 and 47.

## Front-Lit PVC 440gsm

Our most popular banner for single sided print only. Front-lit banners suit fence and wall-mounting locations.

## Light Block PVC 440gsm

Our highest performing material, Light Block PVC provides excellent colour vibrancy and long lasting performance. Ideal for single or double sided print.

## Mesh PVC 500gsm

Perforations allow air to pass through and reduce wind loading, making it well-suited for windy locations eg. seafronts & site/event fencing.

# Open/Closed Signs

Premium, Slider and Flipper design options, for internal use.

## Premium

- Displays up to 4 messages in one.
- Opening time sheets included - peel off and stick in the appropriate day/time slot.
- Double-sided insert - rotate/reverse to display opening times or alternative message.
- Slider feature to change open/closed message.
- High bond adhesive backing included for easy installation.
- No minimum order quantity.

## Slider

- 2 piece PVC sign.
- Slide sleeve along to change open/closed message.
- 400 x 105mm.
- High bond adhesive backing included for easy installation.
- No minimum order quantity.

## Flipper

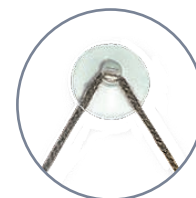

- Printed 2 sides on 800 micron high gloss PVC.
- Printed open on one side and closed on reverse.
- Custom sizes and shapes available.
- Simple vacuum sucker allows you to position and remove in seconds.
- No minimum order quantity.

Made to order

Custom shapes available.

Vacuum sucker.

# Mobiles

Suspended display for reactive or permanent promotions.

Made to order

- High impact 3 and 4 sided hanging displays.
- Graphic panels simply clip on and off - quick and easy to change.
- Lightweight, flat-packed and easy to assemble.
- Use individually or link together (hooks included).
- No minimum order quantity.

3-sided petite top and bottom mouldings for 240mm - 400mm wide panels.

3-sided top and bottom mouldings for 400mm wide panels.

4-sided top and bottom mouldings for 400mm wide panels.

# Brand Blocks

Stylish and highly effective brand promotion.

Made to order

- Establish quality brand presence in store.
- Ideal for windows, counter tops, desks and shelves.
- All blocks are cut to size in high quality crystal clear acrylic.
- Displays are printed on the reverse face to achieve characteristic visual depth.
- All blocks are diamond edge polished for optimum clarity from every angle.
- Available in block thicknesses of 20, 25, 30mm.
- All sizes and designs are made to order.
- No minimum order quantity.

# Basket Liners

Increase impulse sales with these quick, easy, low-cost inserts.

- Increase impulse sales amongst basket shoppers.
- Scuff resistant printed promotional inserts.
- Quick, easy and cost-effective.
- Available in square cut or custom shapes.
- No minimum order quantity.

Made to order

# Counter Mat

Premium point of sale that cannot fail to grab your customers attention.

- Uniquely smooth, non-slip, flexible writing surface.
- Functional, premium alternative to traditional counter top displays.
- Sleek, flexible PVC for a streamlined finish.
- Long lasting and easy to clean.
- Custom made in a choice of size and shapes. A popular size is 297 x 200mm.
- Vibrant printed graphics.
- No minimum order quantity.

Made to order

# Ice Cream Holders

Available in a range of sizes.

Acrylic

Aluminium

- Choice of aluminium or clear acrylic.
- Choice of sizes.
- Optional self-adhesive non-slip bumper feet.
- Easy wipe/clean surface.

# Bollard Wraps

Transform any bollard into a high impact advertisement.

- Simply pops over existing bollards for effective seasonal marketing or promotion of new products and services.
- Suitable for a wide range of bollard sizes from 100mm - 200mm diameter.
- Choose from 3 heights: 800mm, 1000mm and 1200mm.
- 3 sided and 4 sided options available.
- Graduated tabs allow quick and easy assembly without the need for any tape, fixings or tools.
- Fine-fluted 3mm Correx polypropylene for resilient outdoor use.
- No minimum order quantity.

Fully Recyclable

Bollard Wrap  
detail view.

# Signtac® Self-Adhesive Floor Graphics

A professional range of certified, fire and slip-rated floor-graphic products to suit a variety of indoor and outdoor applications. No minimum order quantity.

Range overview (see table opposite for full details and comparison):

## Signtac® 6 Indoor (PVC)

- Short term (up to 6 months durability), indoor only.
- Specifically developed for simple tool-free installation.
- Clean and quick removal within 6 months.

## Signtac® 6 Indoor (PET)

- Short term (up to 6 month durability), PVC free, indoor only.
- Easy to apply and dimensionally stable.
- Repositionable whilst installing.

## Signtac® 12 Indoor

- 2-part laminated for longer term (up to 12 months), indoor only.
- Removable, non-damaging adhesive.
- Ideal for mid to heavy foot traffic areas.

## Signtac® 12 Outdoor SS

- 2-part laminated for longer term (up to 12 months), outdoor or indoor.
- Aggressive adhesive suitable for low-energy surfaces and ideal for smooth concrete outdoors.

## Signtac® 12 Outdoor RS

- Longer term (up to 12 months), outdoor.
- For rough surfaces such as brick, concrete, asphalt, etc.
- Easy to apply, does not shrink and 100% recyclable.

### Standard shapes and sizes:

Circles – 100mm, 200mm and 300mm dia.

Square – 100mm, 200mm and 300mm sq.

Triangles – 100mm, 200mm and 300mm sides.

### Non-standard shapes and sizes:

Cut to shape within standard poster sizes A4, A3, A2, A1 and A0 and within 100/200/300mm squares.

**Note** – for optimum adhesion and safety, sharp corners and intricate cut detail in designs should be avoided.

			Hexagonal (made to order)	HEXAGBG

# Recommended Outdoor Poster Materials

**To ensure best performance against condensation/moisture ingress in outdoor poster advertising, we recommend:**

When it comes to outdoors, however good a frame, display or sign holder is at protecting a poster from the weather, the poster media needs to be moisture resistant at the very minimum to help protect it from dampness in the air and worse the soaking that can take place due to condensation.

For short term (up to 3 months) use outdoors, water or moisture resistant paper, sometimes referred to as 'wet strength' paper, should be fine. It is commonly used for pasted billboard advertising.

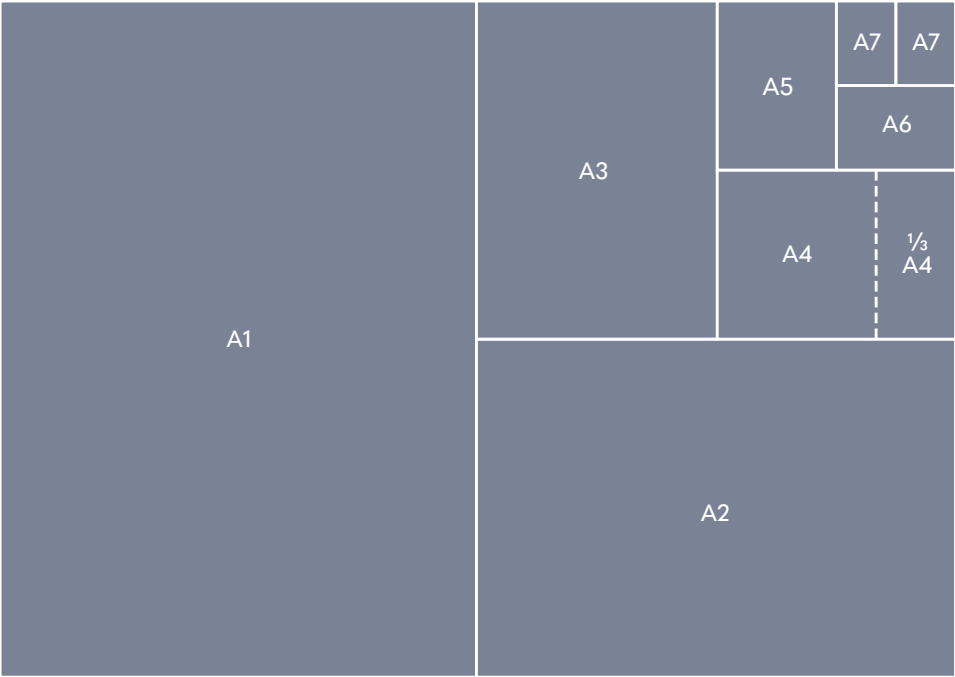

For longer term use we would recommend synthetic paper, sometimes referred to as 'poly poster', or a plastic film media with appropriate UV and moisture resistant qualities. Laminating paper both sides in a plastic film (encapsulation) is an option but will be expensive in relative terms.

The matt white polypropylene film we use for all our outdoor posters, for short term applications too, offers excellent performance and is competitively priced, even when compared to moisture resistant paper medias.

## **7 top artwork tips:**

- Always make sure that there is ample space around text and images - adhere to safe areas.
- Use High Resolution settings (300dpi) or Vector artwork for maximum quality.
- Utilise complementary colour schemes for inspiration.
- Embed your fonts for accurate reproduction.
- Proof your document thoroughly.
- Convert your graphic to CMYK (leave spot/pantone colours available in your artwork if used).
- Reduce heat absorption (solar gain) on outdoor poster signs by limiting regions of dark colour print.
